Export Sync. Data

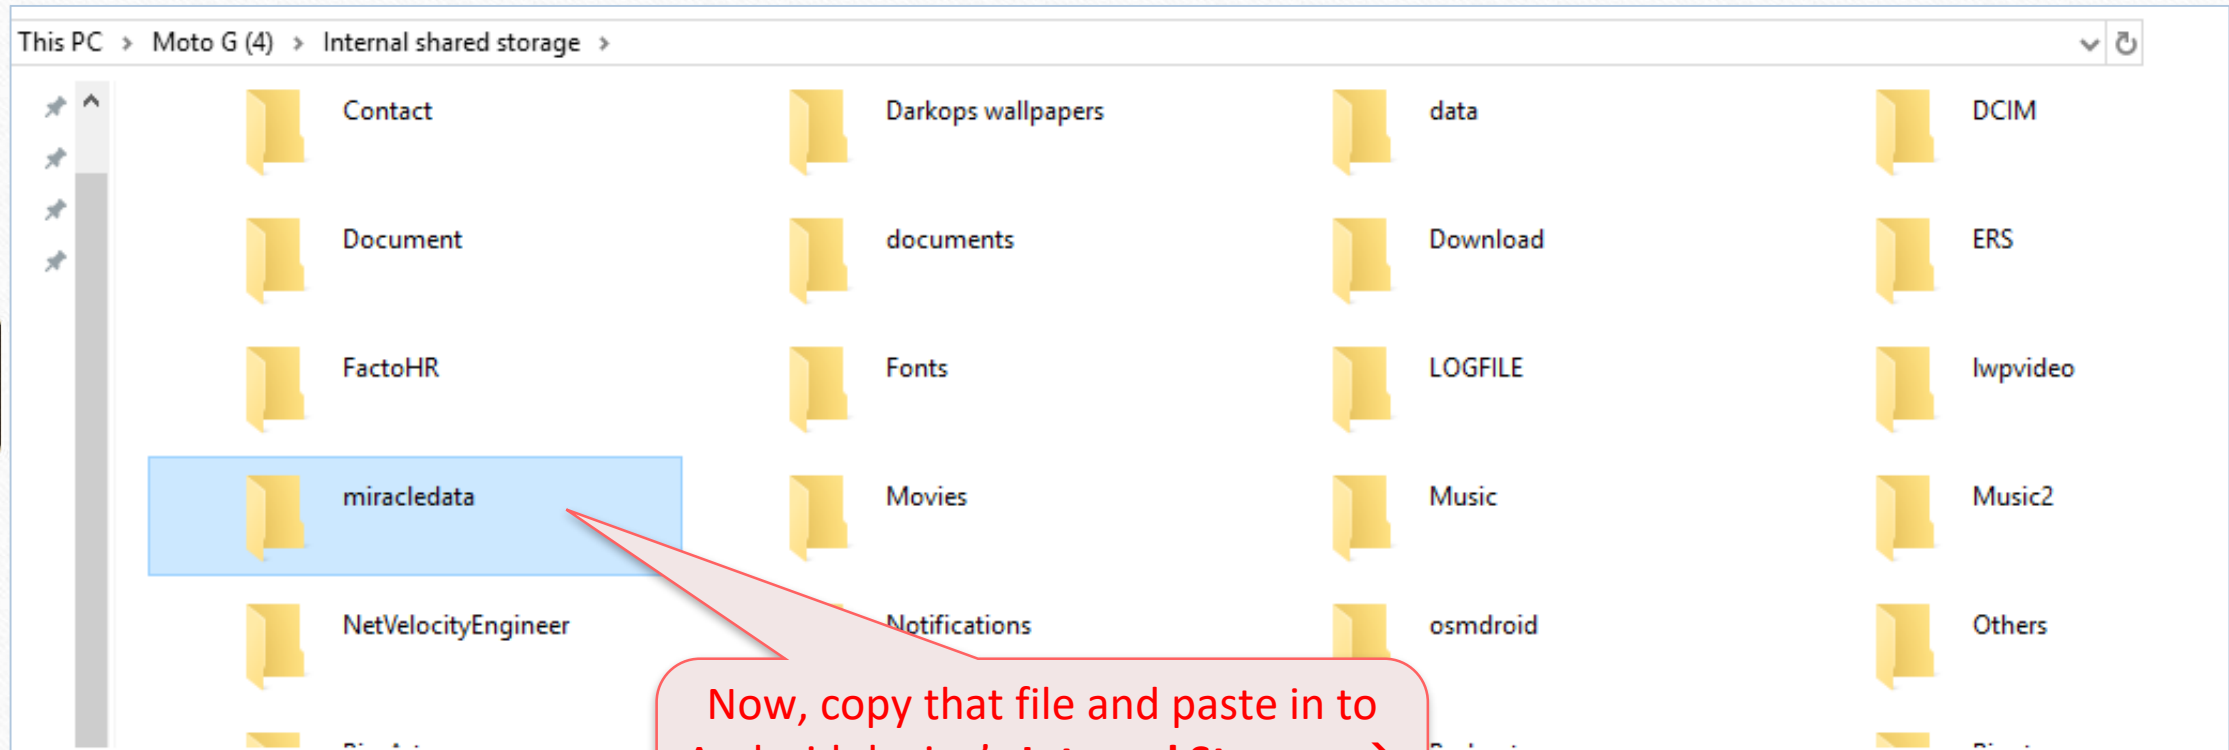

Select Export Sync. Path

- > CMP0010
- > CMP0011
- > CMP0012
- > CMP0014
- > CMP0024
- > CMP0026
- miracledata**
- > New folder
- > CmpBckup

Make New Folder OK Cancel

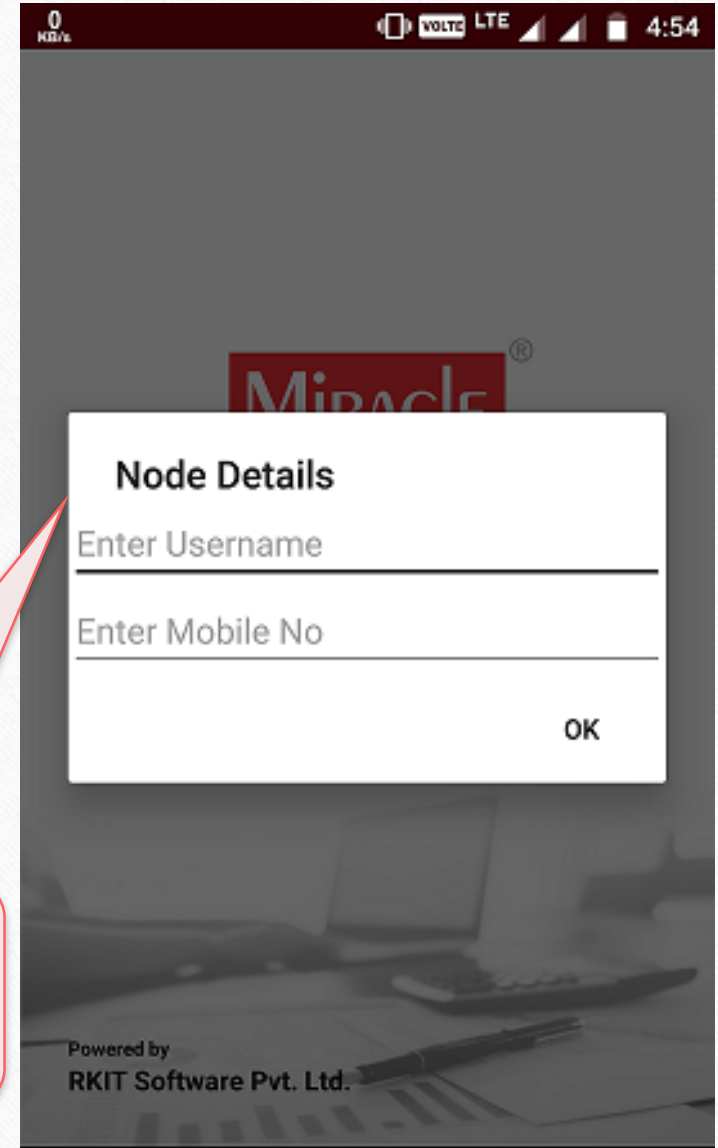

Select any folder in PC where we want to export the sync. data.

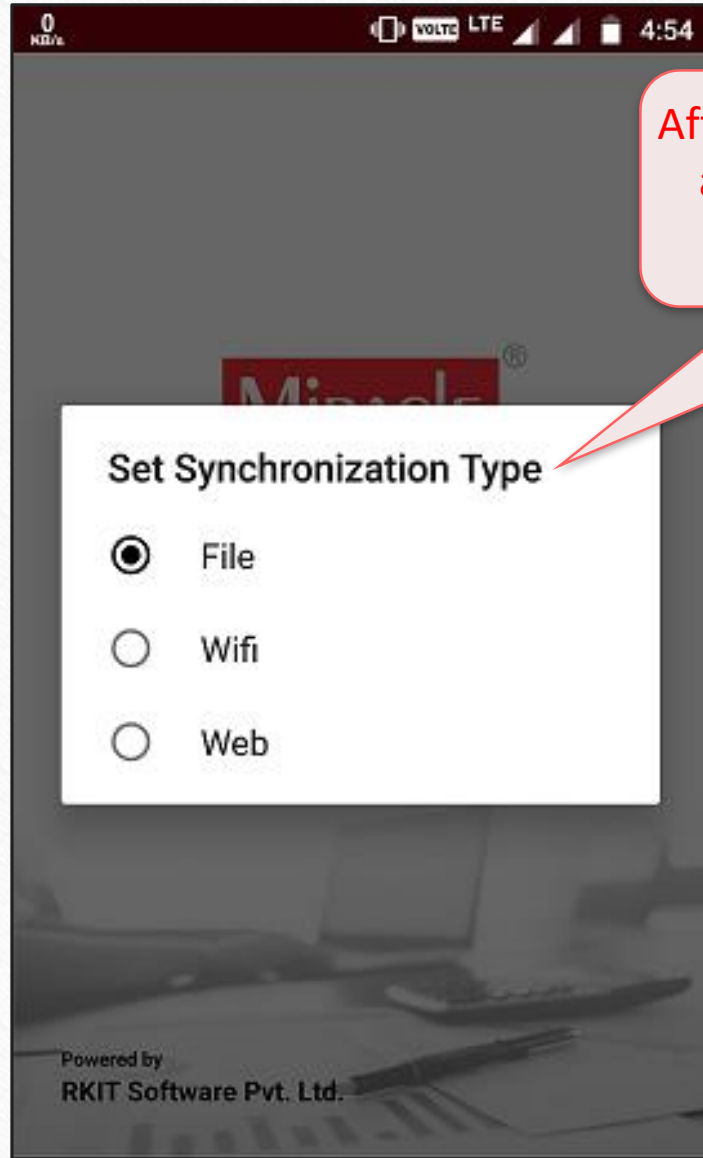

When we run app first time, the app will ask to insert **User Name & Mobile No.**

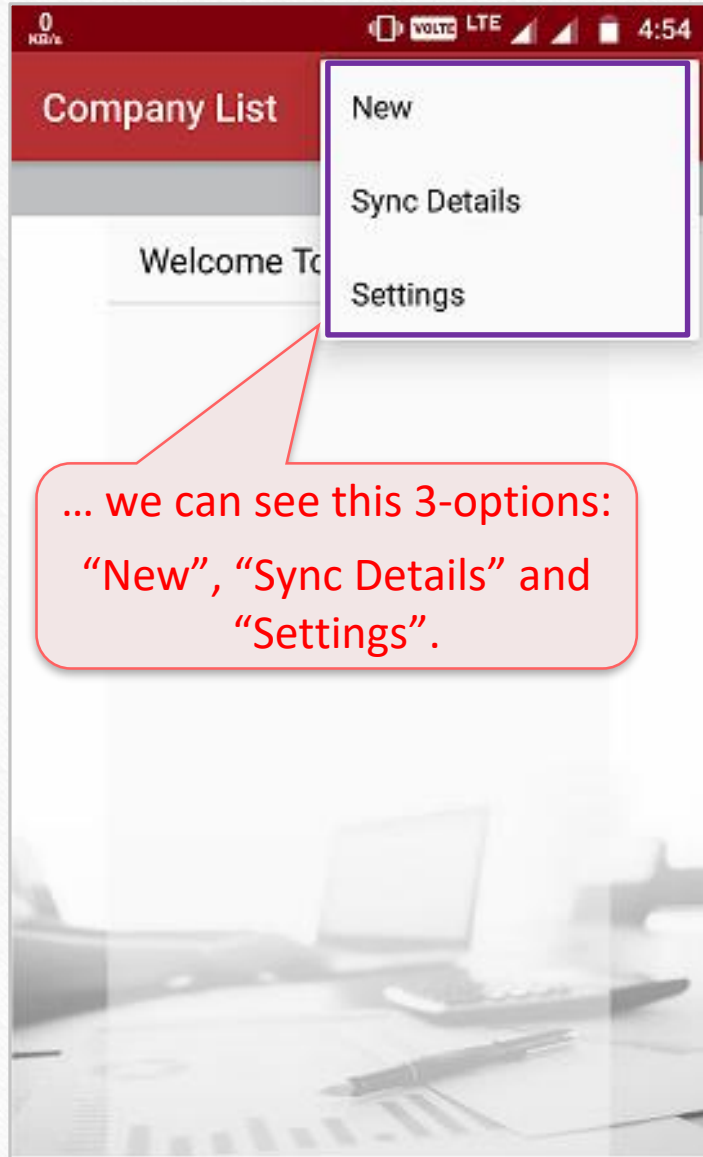

After inserting "Node Details", the app will ask to **Set Sync. Type**. We selected the **File** option.

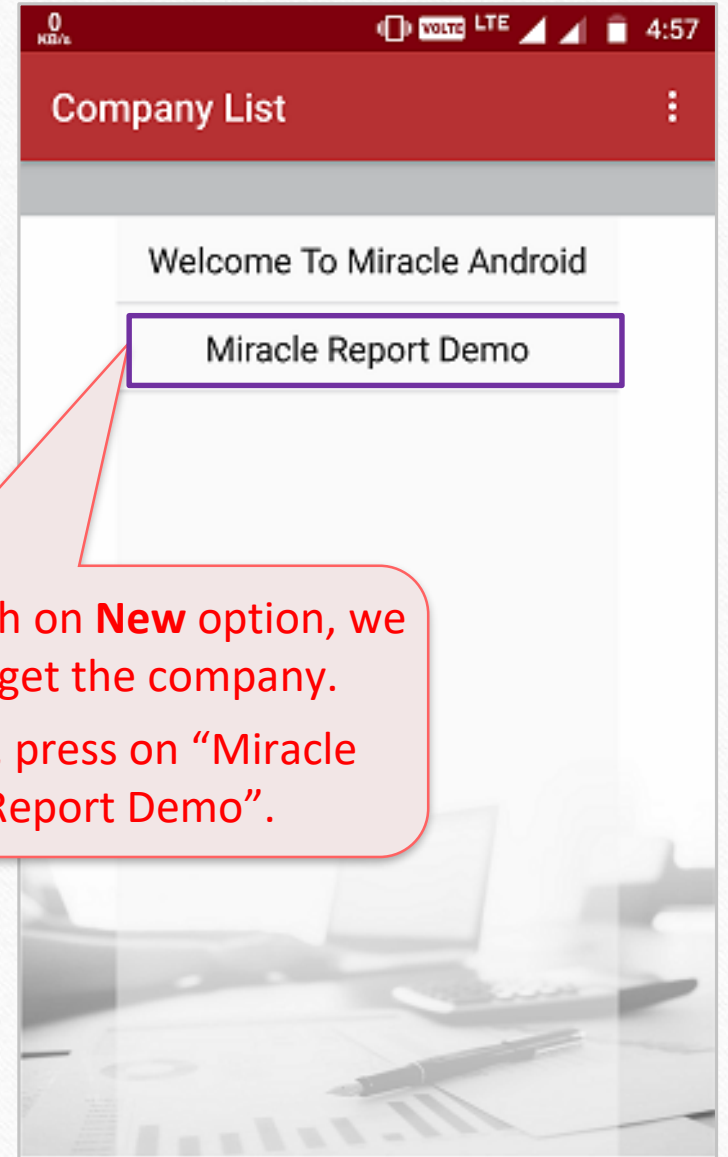

Now, we will see the "Company List." "Welcome To Miracle Android" is just a **demo** company.

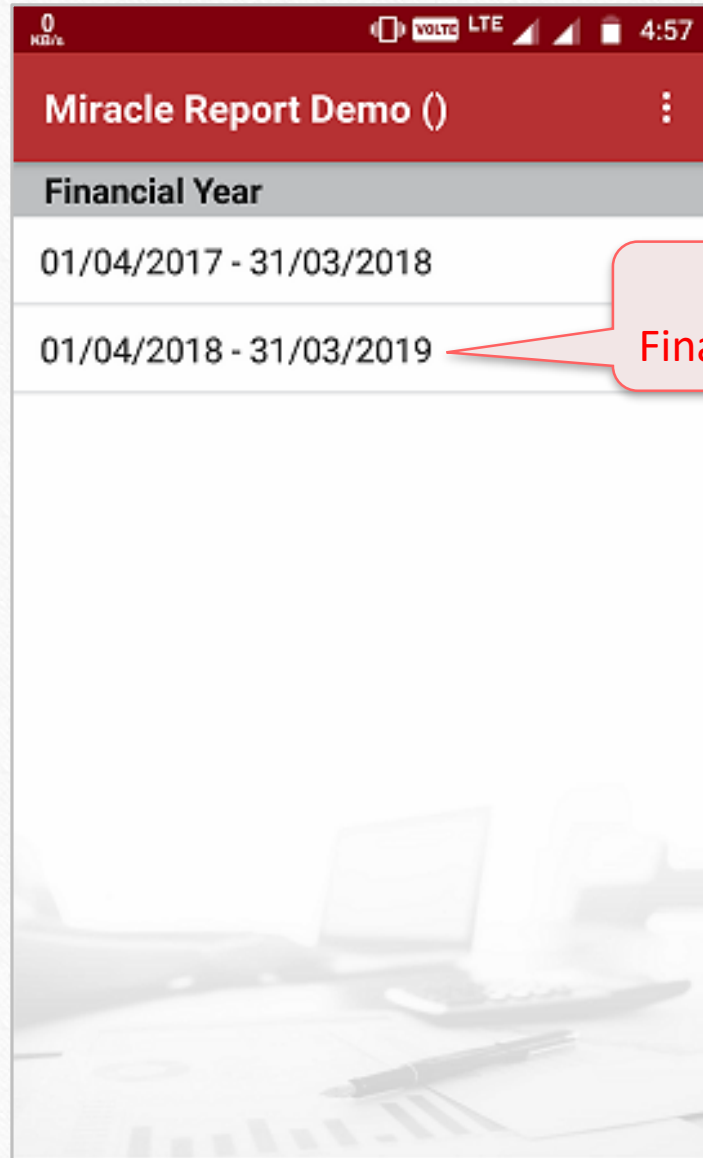

Now, touch on 'Menu' icon...

... we can see this 3-options:
"New", "Sync Details" and
"Settings".

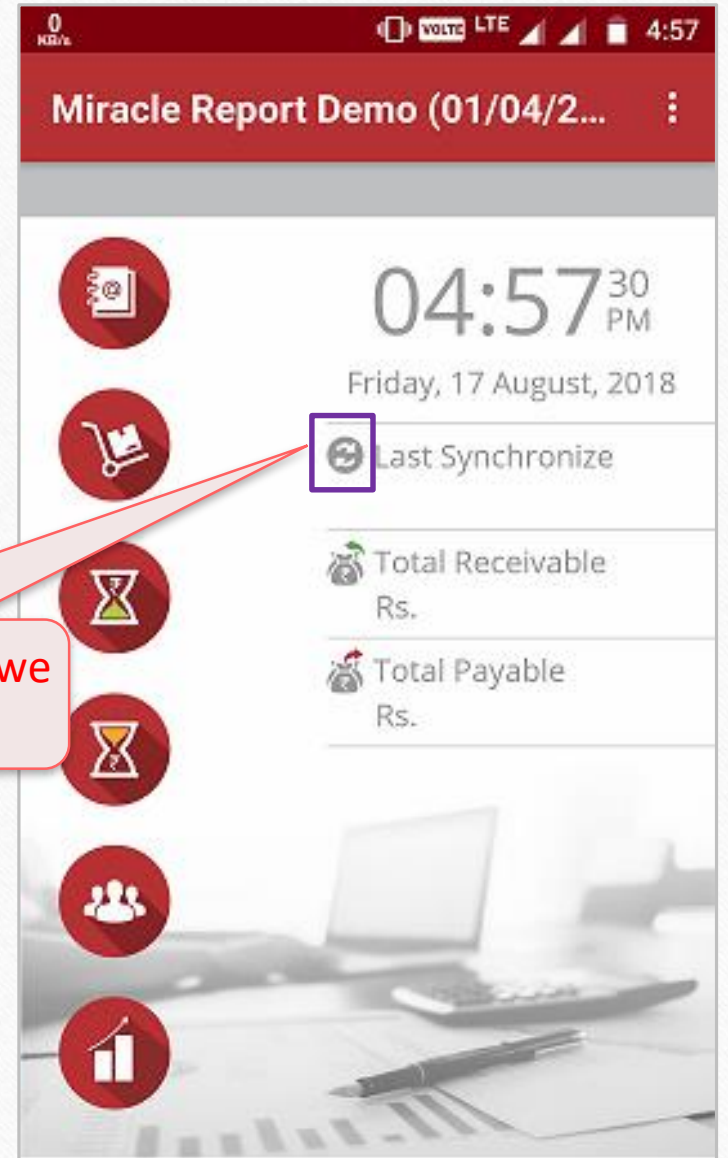

By touch on **New** option, we
will get the company.
Now, press on "Miracle
Report Demo".

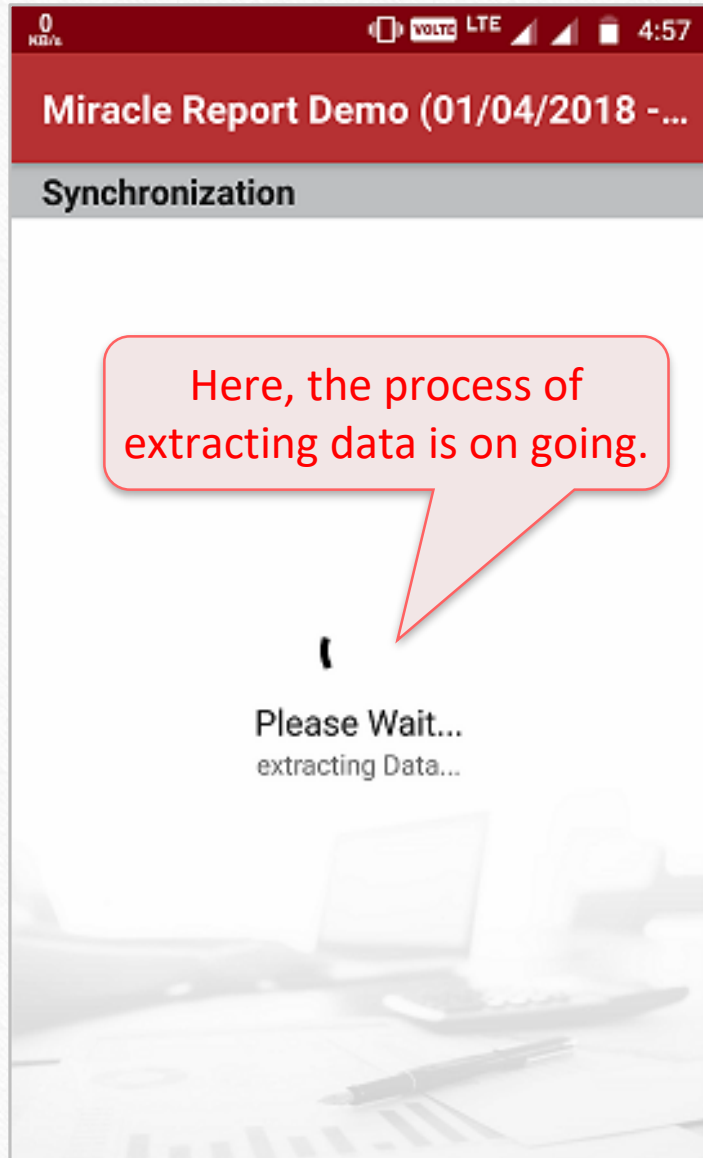

Touch on current Financial year (2018-19).

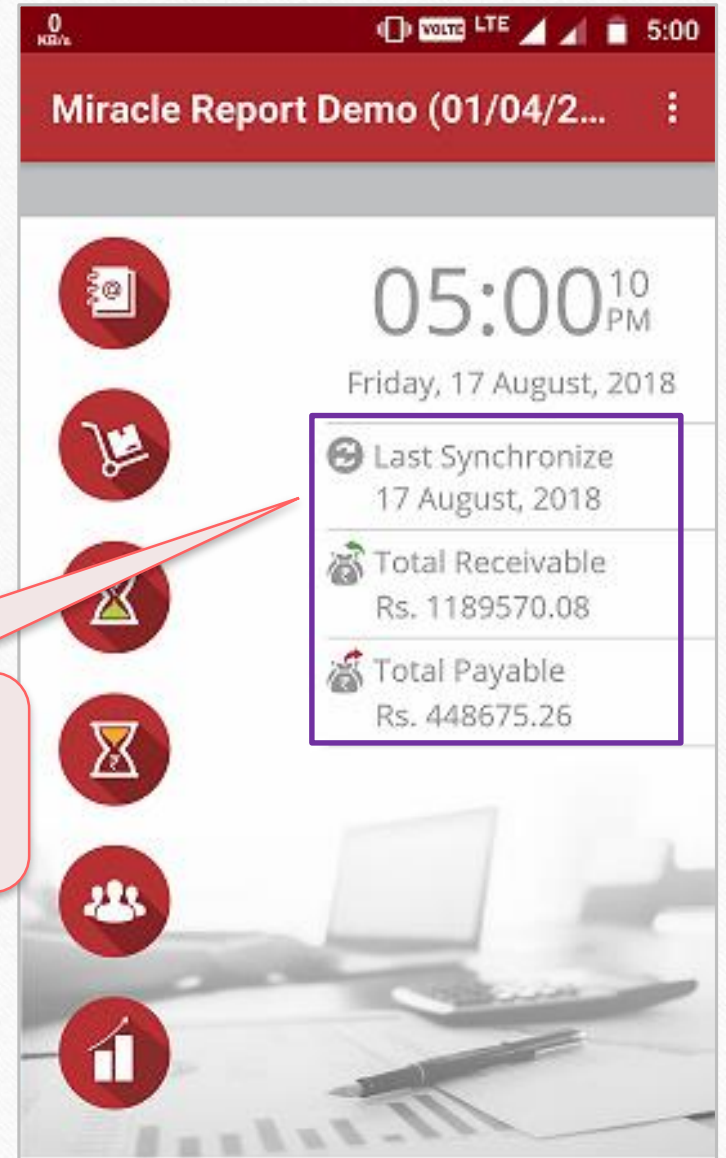

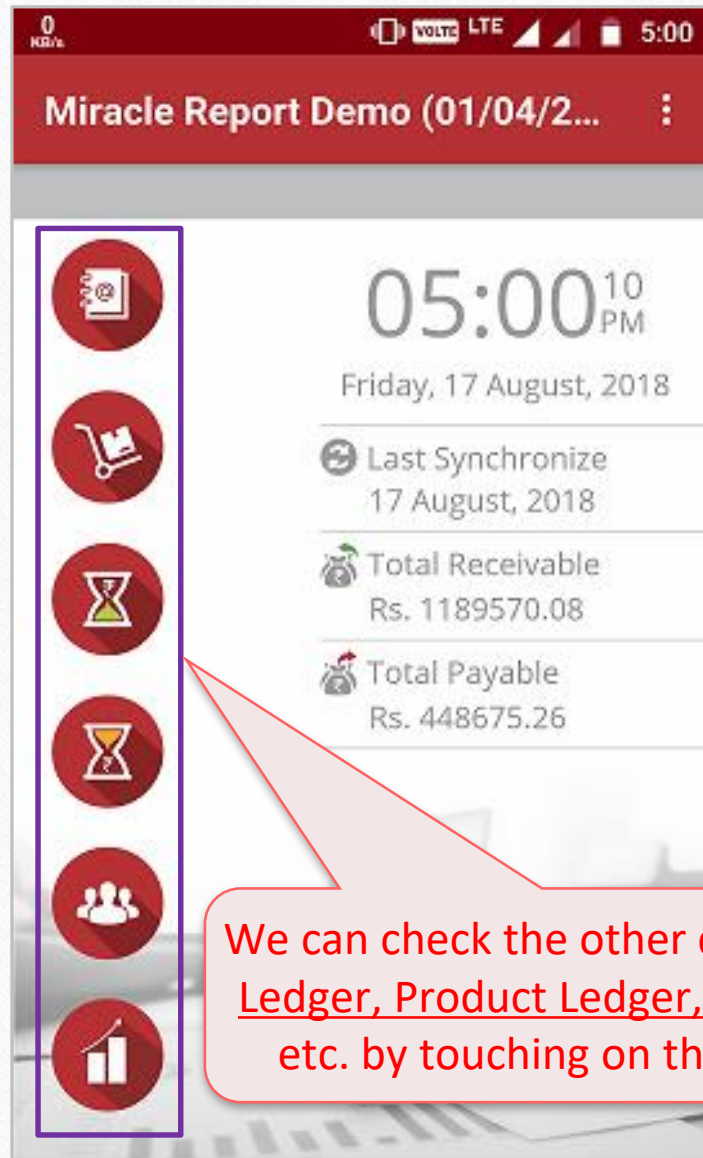

By touch on this **Sync.** icon, we will get the Miracle data.

So now the Miracle data is synchronized. We can check the details here.

We can check the other details like A/c. Ledger, Product Ledger, Address Book etc. by touching on these options.

So in this way, we can **sync.** Miracle data in to "Miracle Report" app by using **File** option.

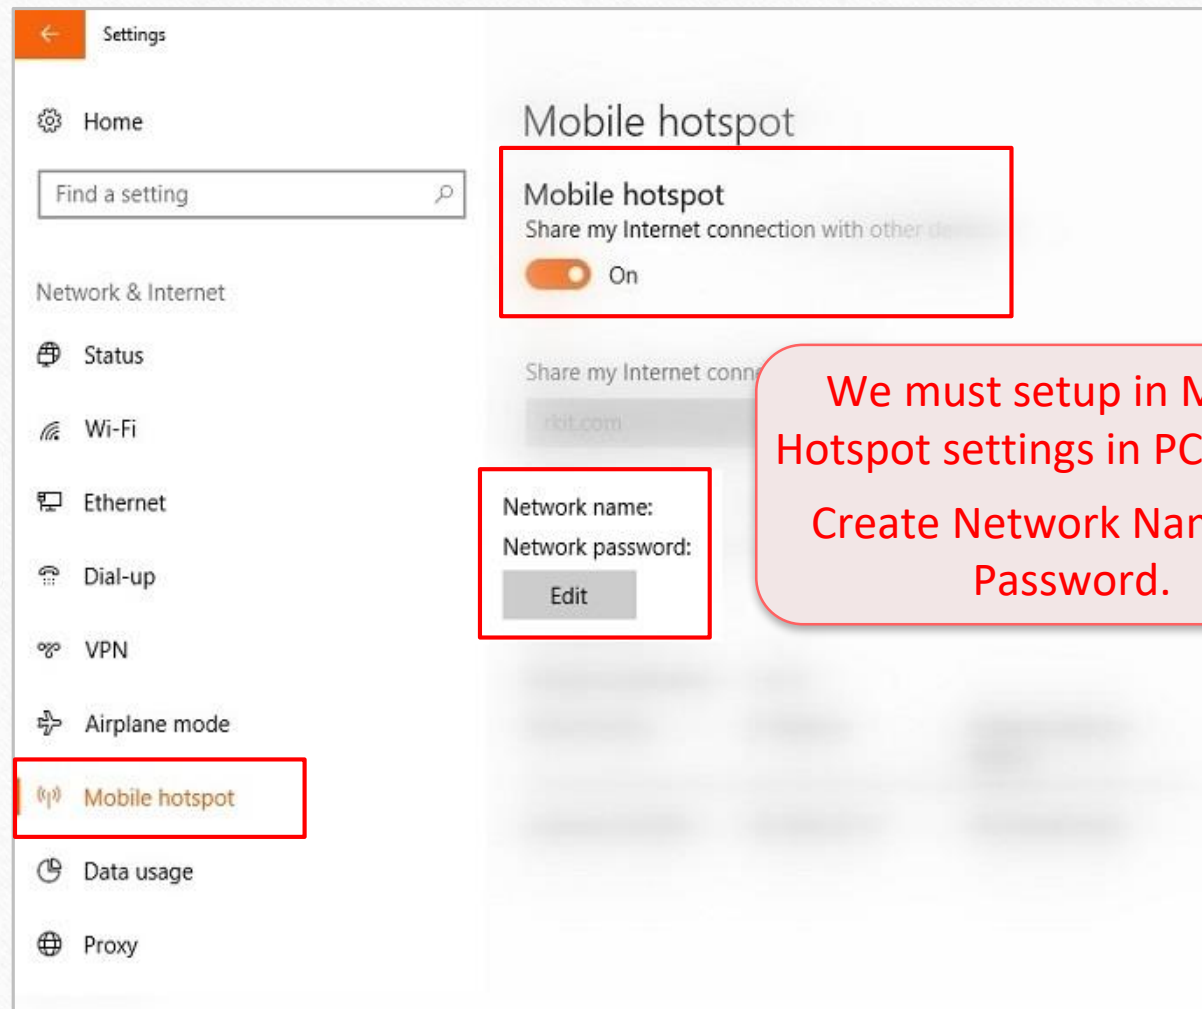

Option: 2 → Sync. Wi-Fi

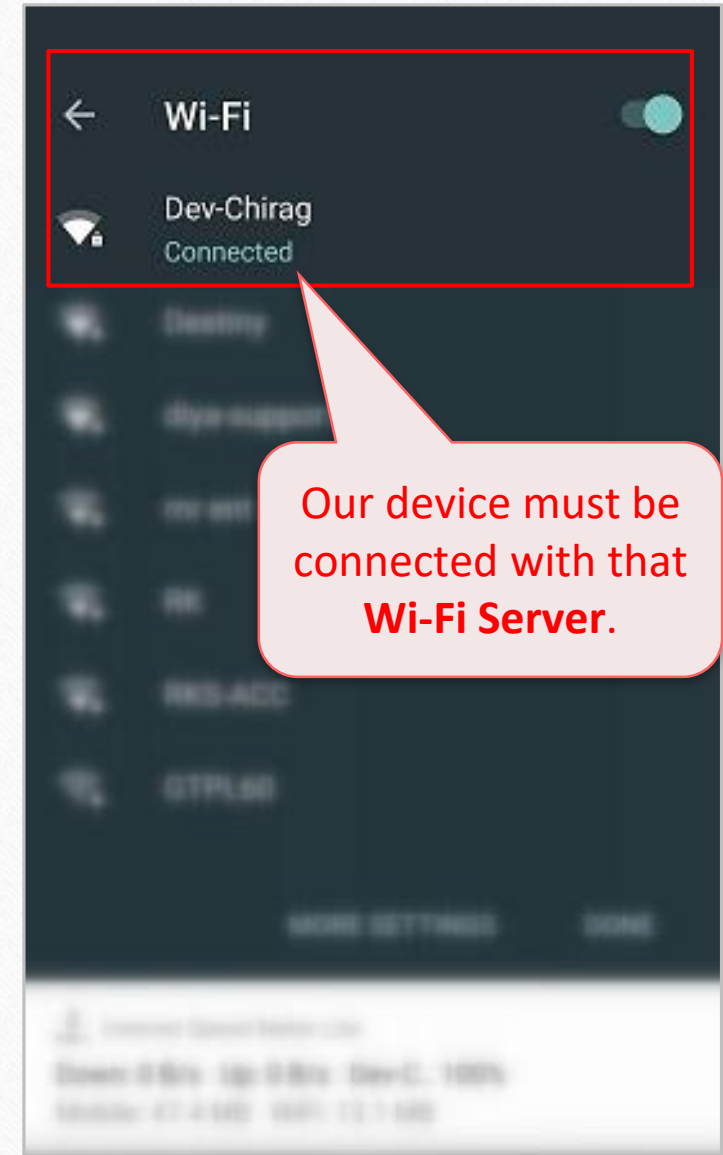

By Wi Fi, we must create a **Wi Fi server** in our PC/Laptop.

If we have not inbuilt Wi Fi Hotspot device, we must attach Wi Fi Hotspot device externally.

We must setup in Mobile Hotspot settings in PC/Laptop. Create Network Name and Password.

	Synchronization By WiFi	Yes	
	Synchronization By Web	No	
	Synchronization Schedule	Auto (Time Based)	
	Auto Synchronization Time Interval	30 Min	
	Synchronization Server Name	Dev-Chirag	

Here, insert the **Sync Server Name** similar to **Computer's Name**.

As we saved the setup, we will get this notification related “Wi-fi Server started” and in Miracle we will see this **ON** symbol.

 **Miracle Synchronization**
Wi-fi server started.
IP Address : 192.168.10.8
www.rkitsoftware.com

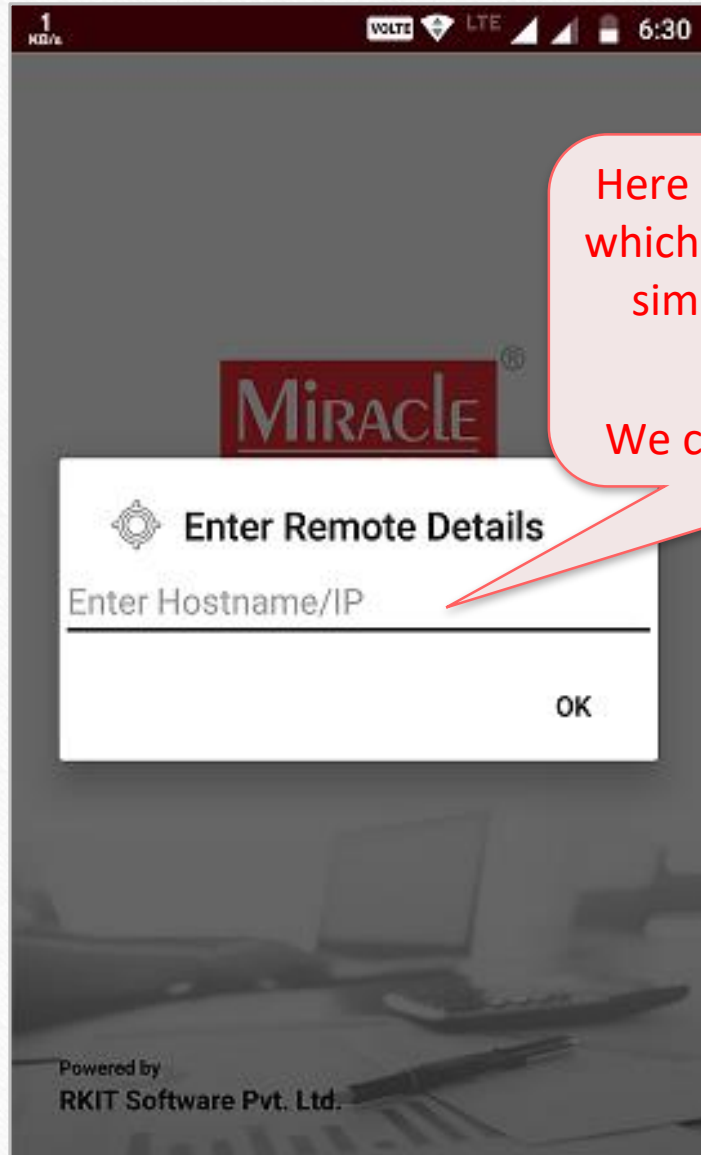

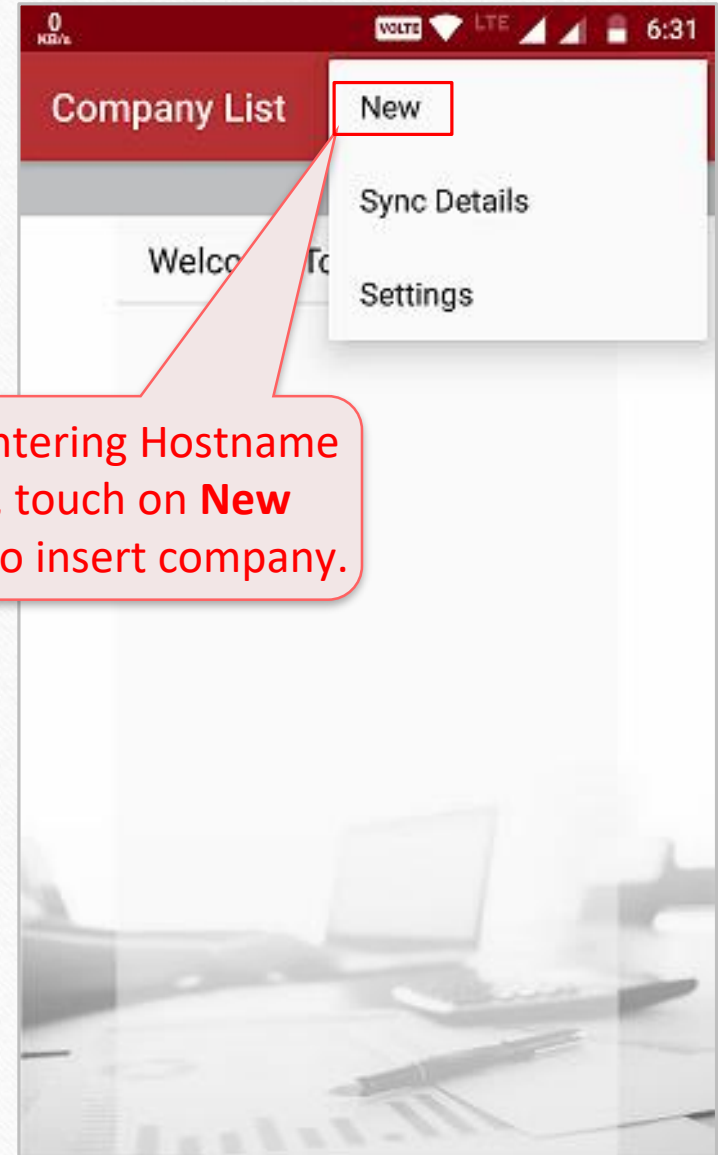

Open Miracle Report App and touch on 'Settings' option to select **Wifi** as Sync. Profile.

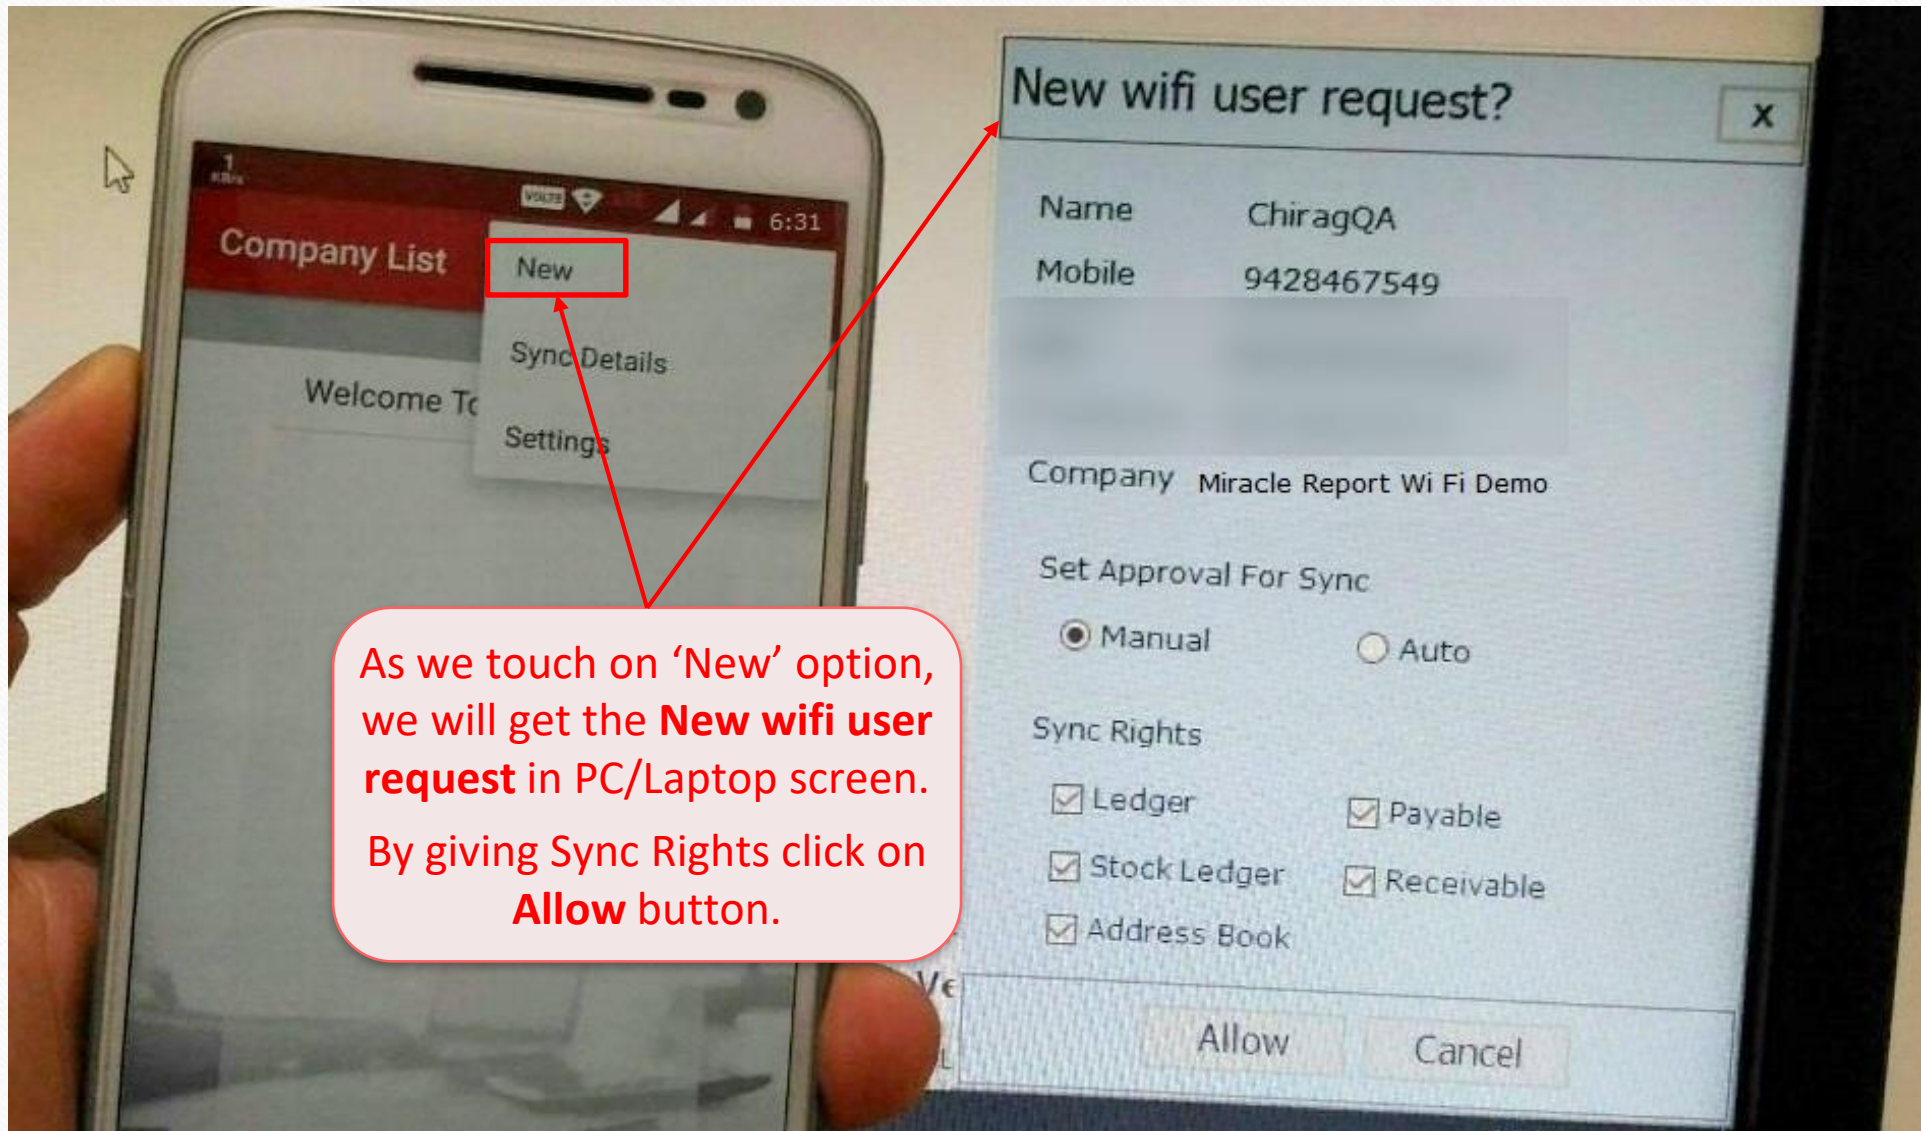

Touch on **Wifi** and go back to main page.

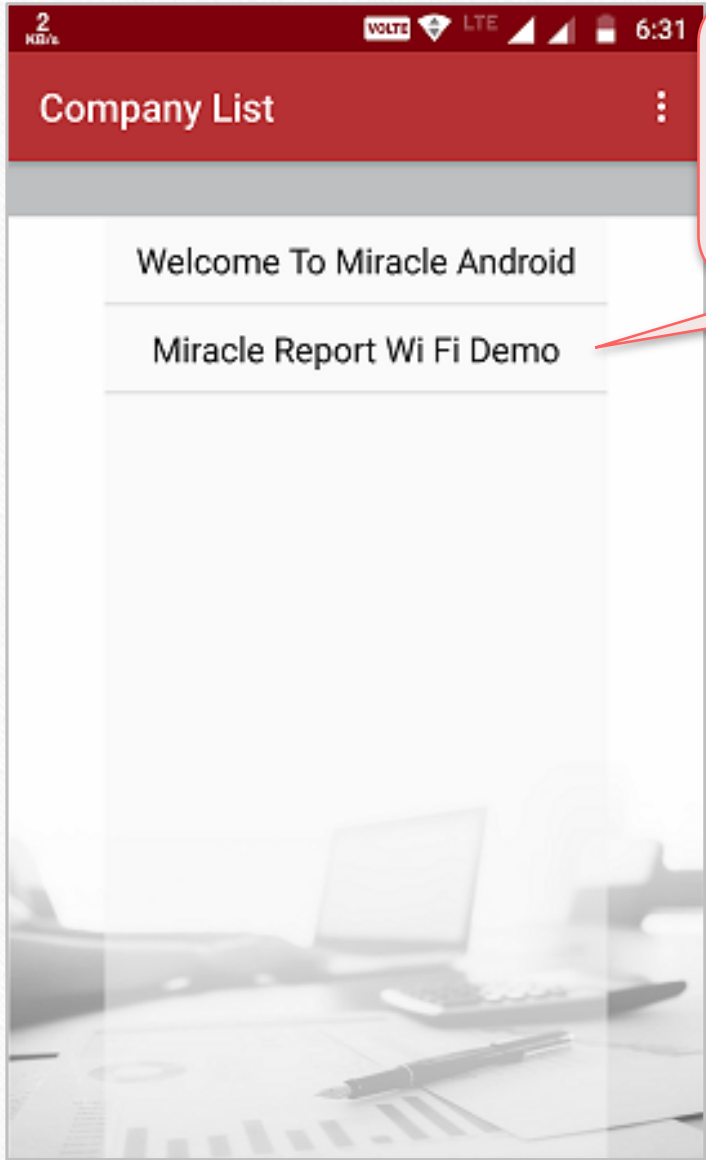

Here we must enter Hostname which is Sync. Server Name that similar to Computer Name. i.e. Dev-Chirag We can also insert IP address.

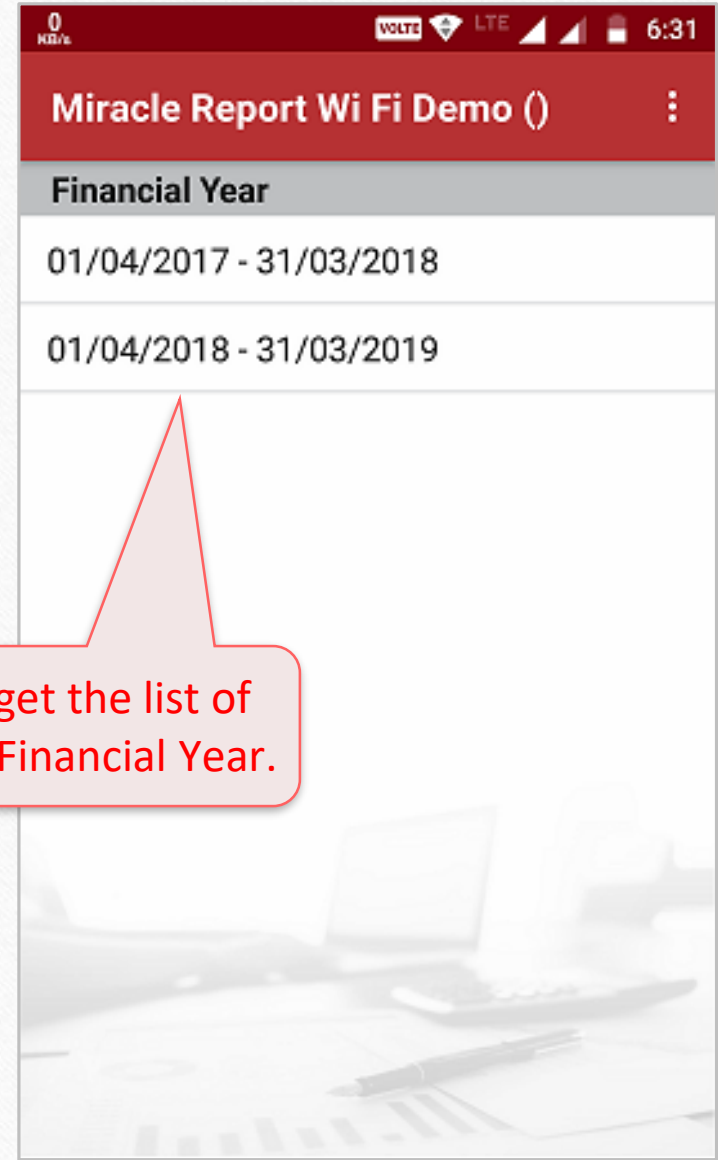

After entering Hostname or IP, touch on **New** option to insert company.

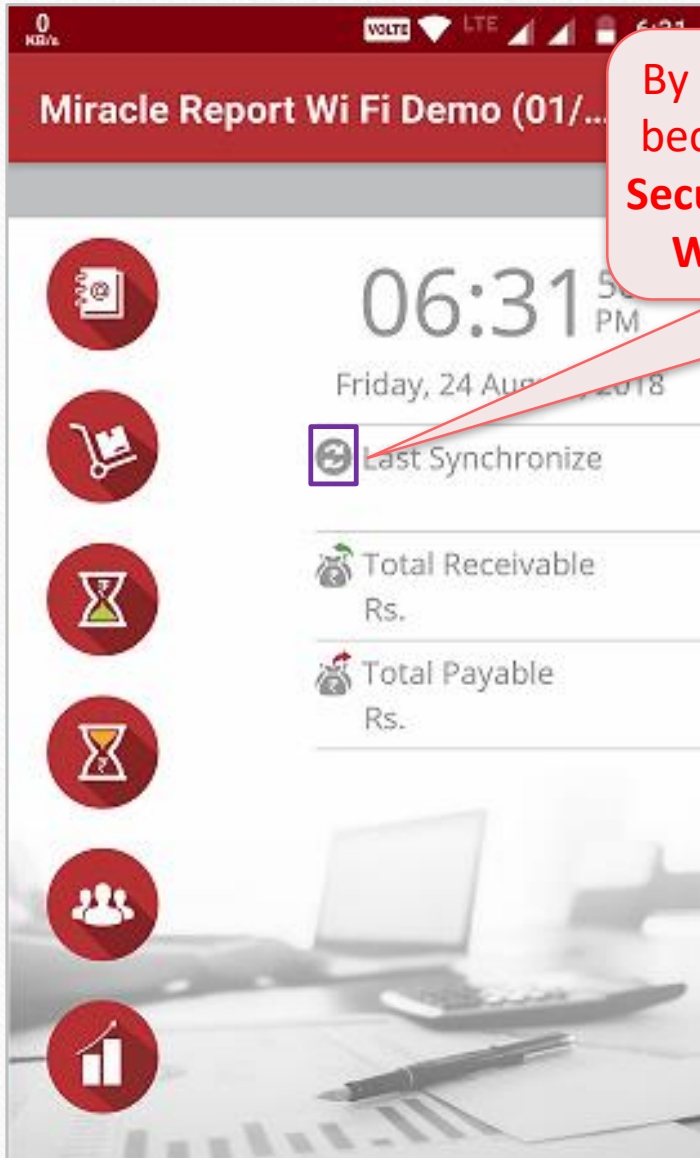

As we touch on 'New' option, we will get the **New wifi user request** in PC/Laptop screen. By giving Sync Rights click on **Allow** button.

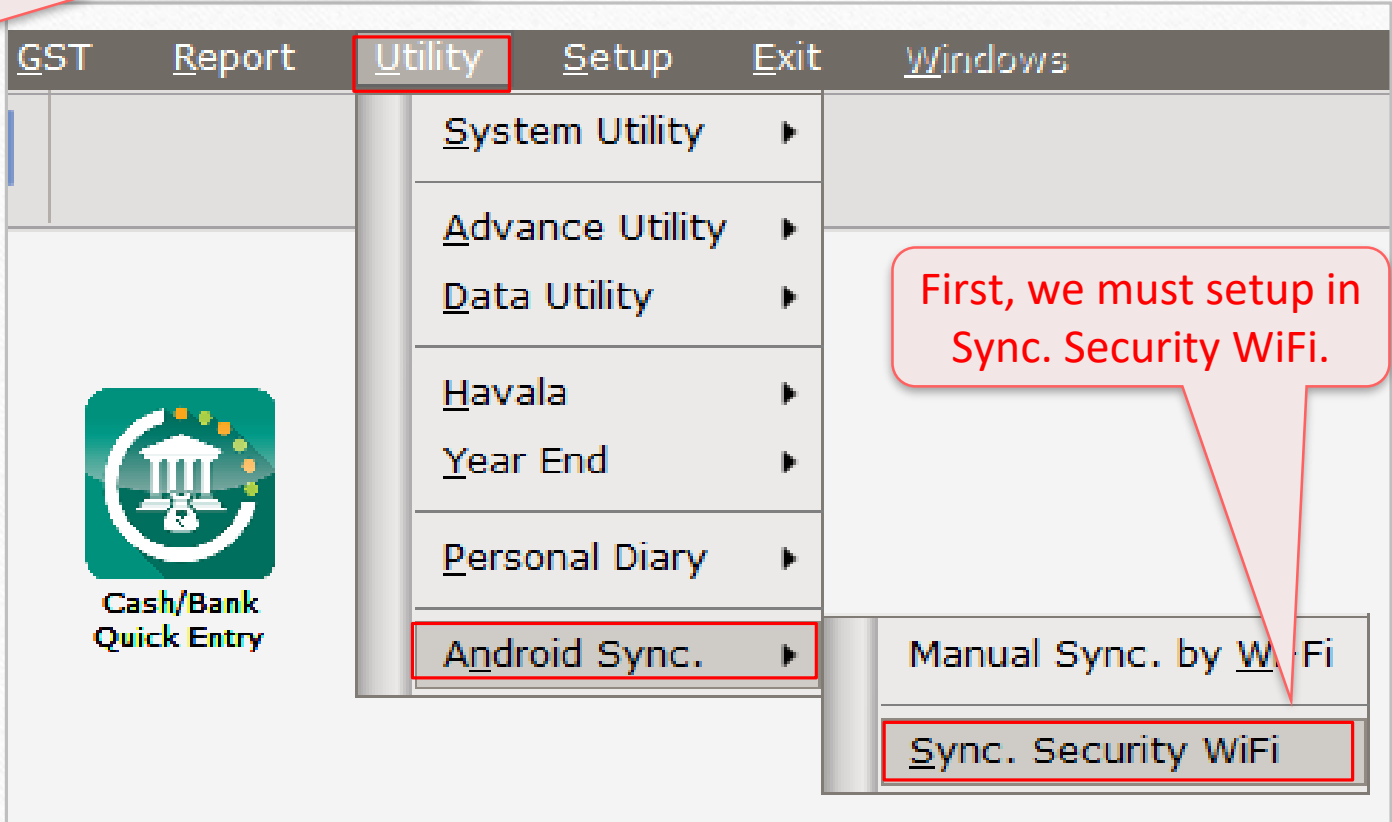

Now, we will get the company, it means that the device is connected to the Wi-Fi Server. Now, touch on it.

We will get the list of available Financial Year.

By **Sync.** we will not get any data because we must setup for **Sync. Security WiFi** and **Manual Sync by WiFi** in our Miracle software.

First, we must setup in **Sync. Security WiFi.**

Wi-Fi Sync User Rights (Miracle Report Wi Fi Demo) ×

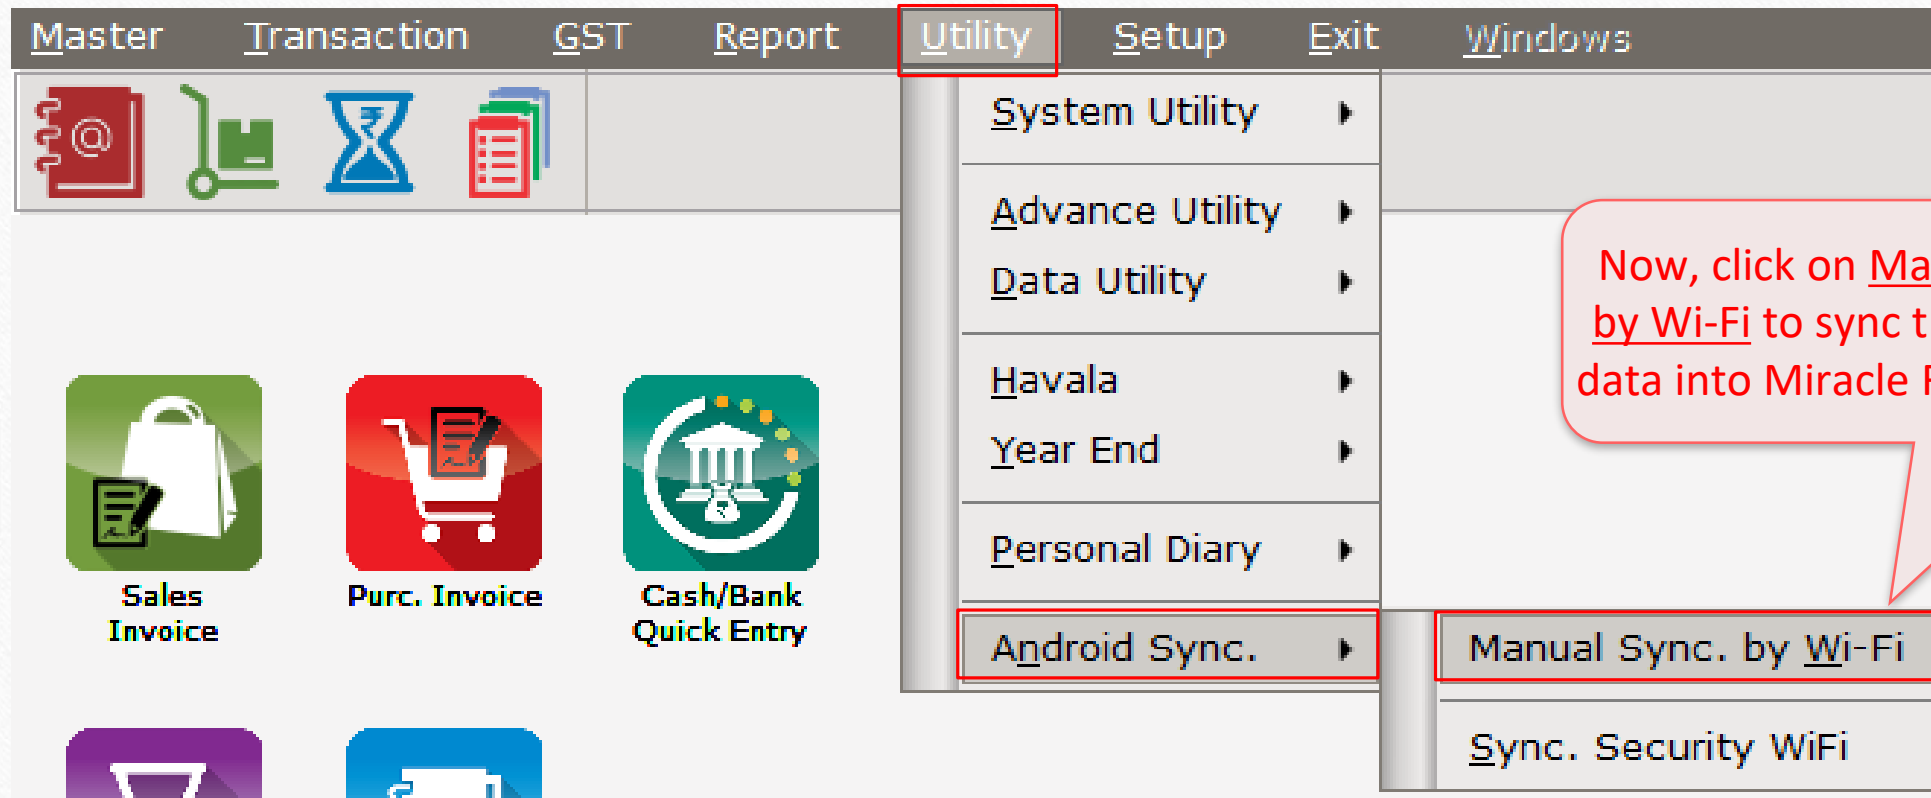

Name	Mobile	IMEI	Ledger	Stock Ledger	Receivable	Payable	Address Book	Ask Permission?
Chirag...	9428467549	358223076716931	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>

Here, we can see user's details of the connected device and we can set the **User Rights** as per our requirement.

We can give the rights by **tick** mark on the data which we want to sync.

Then Click on **Update** button.

Update

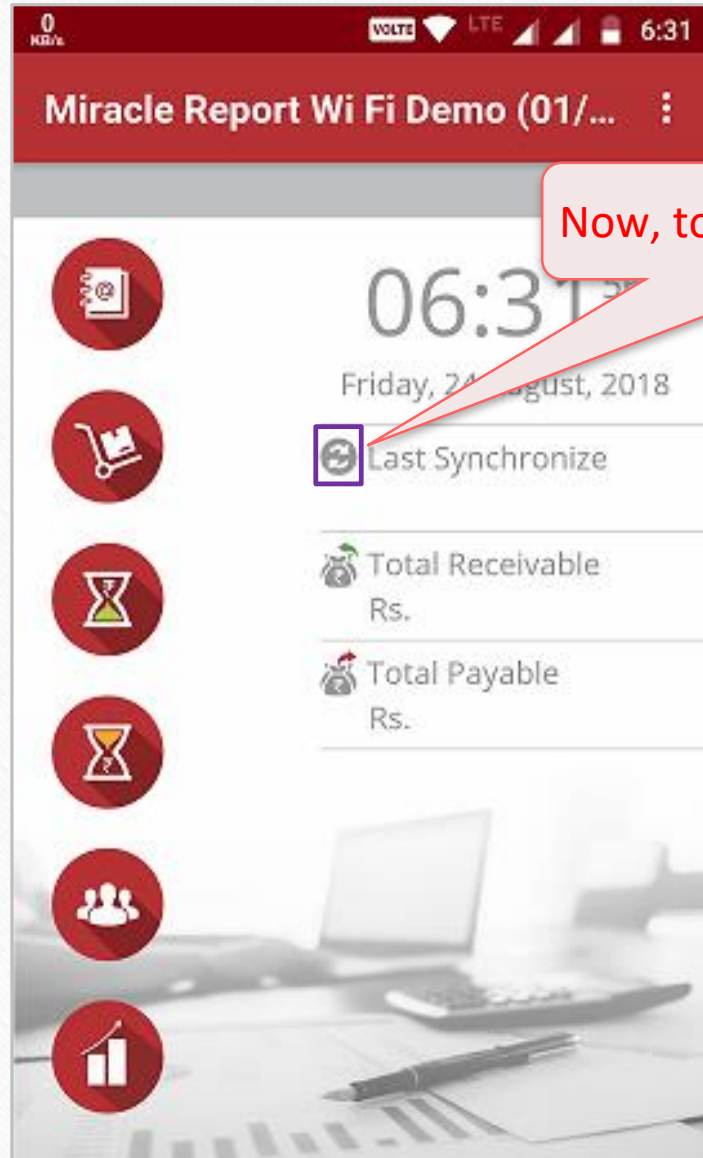

Now, click on Manual Sync. by Wi-Fi to sync the Miracle data into Miracle Report app.

Note: If we selected **Auto Sync.**, the first time we need Manual Sync., later it will auto sync. as per Time Interval.

It will take few seconds to export data by Wi-Fi sync.

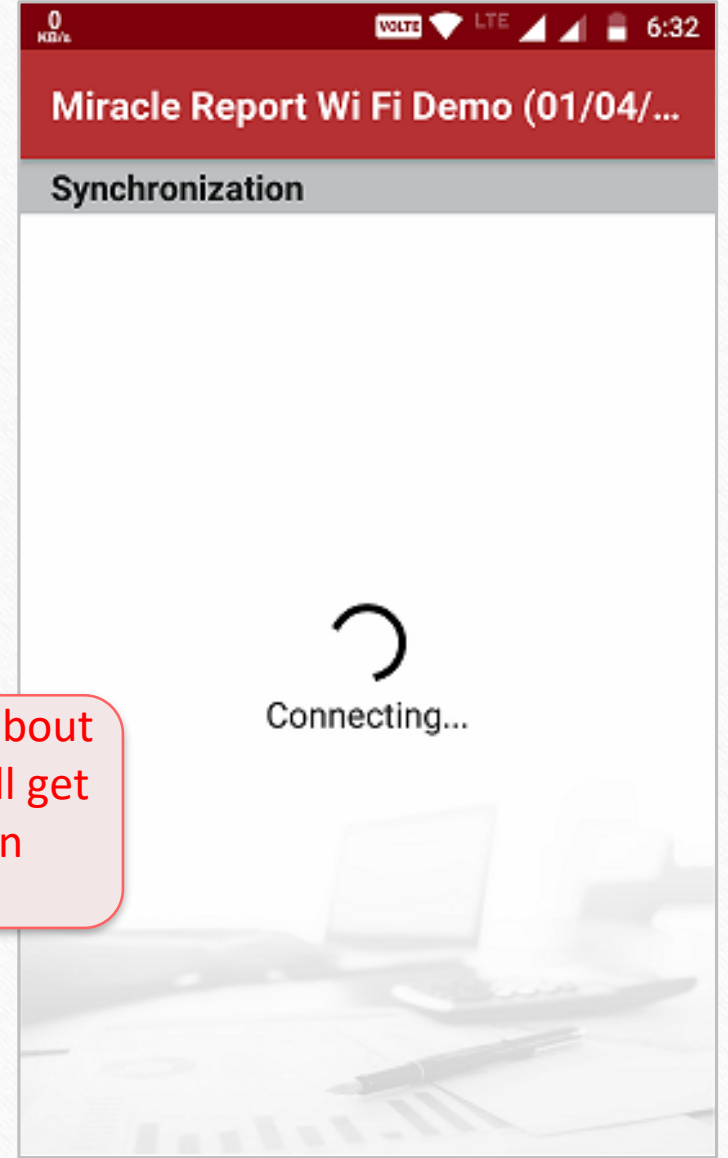

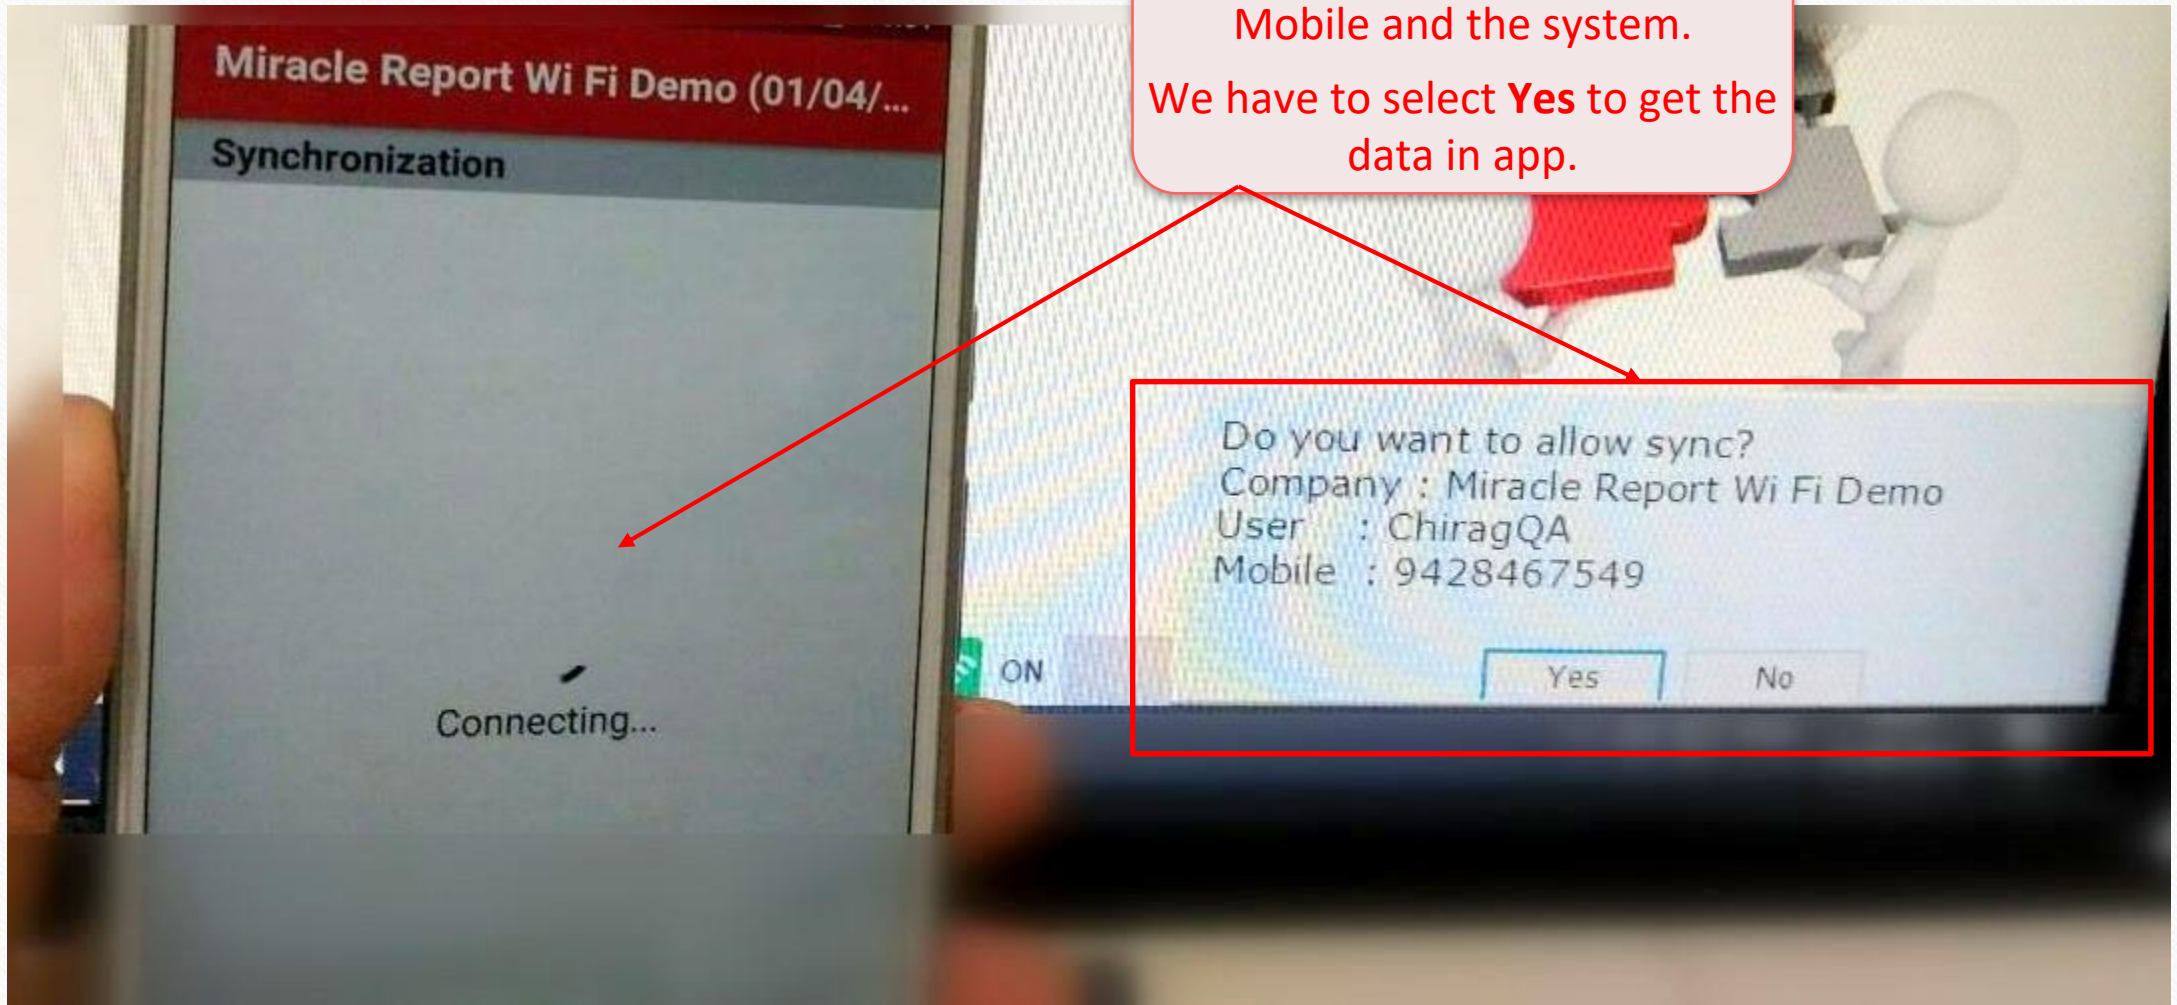

Now, touch again **Sync.** Icon...

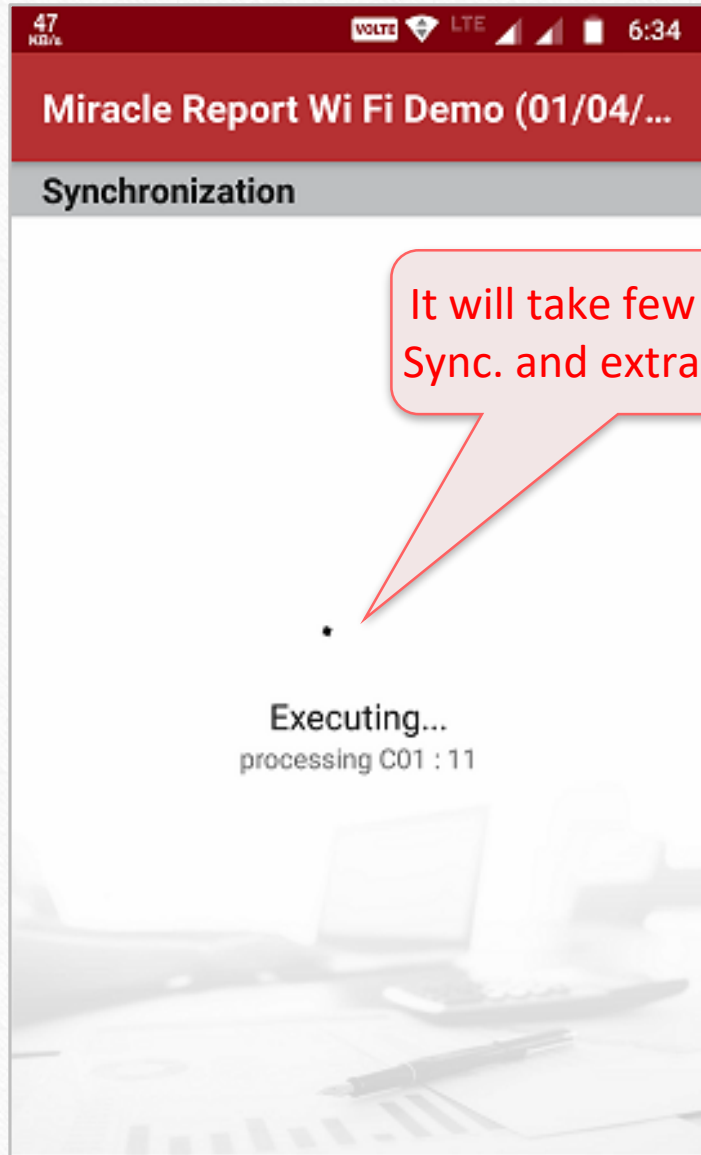

We will see this screen about "connecting" and we will get the Popup message in system's screen.

We can see the screens of the Mobile and the system.
We have to select **Yes** to get the data in app.

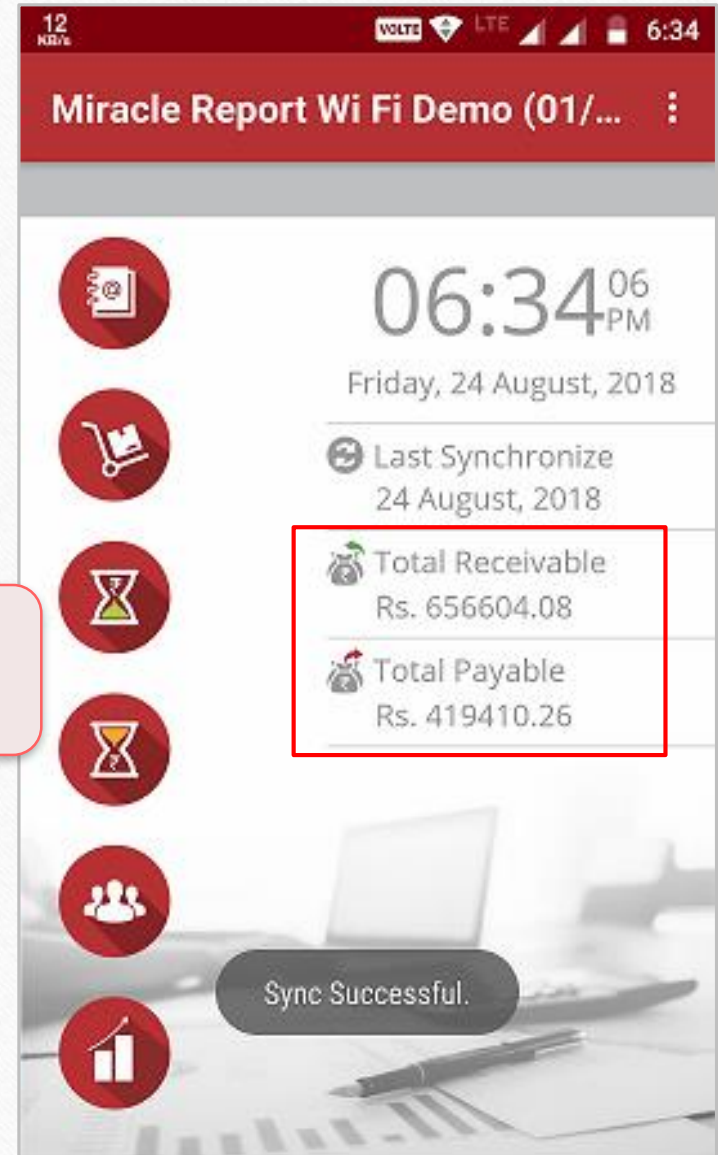

Do you want to allow sync?
Company : Miracle Report Wi Fi Demo
User : ChiragQA
Mobile : 9428467549
ON Yes No

It will take few seconds to Sync. and extract the data.

So now we got the data by **Wi-Fi sync.**

Recap the steps for Sync. by Wi-Fi

1. Create a Wi-Fi Server in PC/Laptop and connect the device to that Wi-Fi Server.
2. 'Sync. Server name' and PC/Laptop name must be similar i.e. Dev-Chirag.
(Software Setup → Android Synchronization Option)
3. In Miracle Report app, select Wi-Fi sync. profile and enter Host name or IP.
i.e. Dev-Chirag *or* shown IP.
4. When first time connect, give User right from the PC/Laptop and click on Allow button.
5. First, click on Manual Sync by Wi-Fi (Utility → Android Sync. →) and then click on Sync. icon and then Sync. By Wi-Fi will be successful.

Option: 3 → Sync. By Web

Now, touch on New Company.

We will get the list of Financial Year. Touch on it

By touch on this **Sync. Icon**, we will get the data.

In this way, we can Sync the Miracle data **by Web**.

Recap the steps for Sync. by Web

1. Select Yes for Web Sync in 'Software Setup → Android Synchronization Option'.
2. In 'Miracle Report' app, select Web sync. and Enter Web Sync. ID as shown in 'Company Setup → Advance Modules → Android Sync. Option'.
3. Select User Rights from 'Utility → Android Sync. → Sync. By Web'.
4. Click on 'Manual Sync by Wi-Fi' and then **touch** on Sync. Icon in Miracle Report and at the end Sync. By Web will be successful.
5. Note: Following Web Synchronization would be very useful when the user is far away from the system and he want to check the Reports daily based.

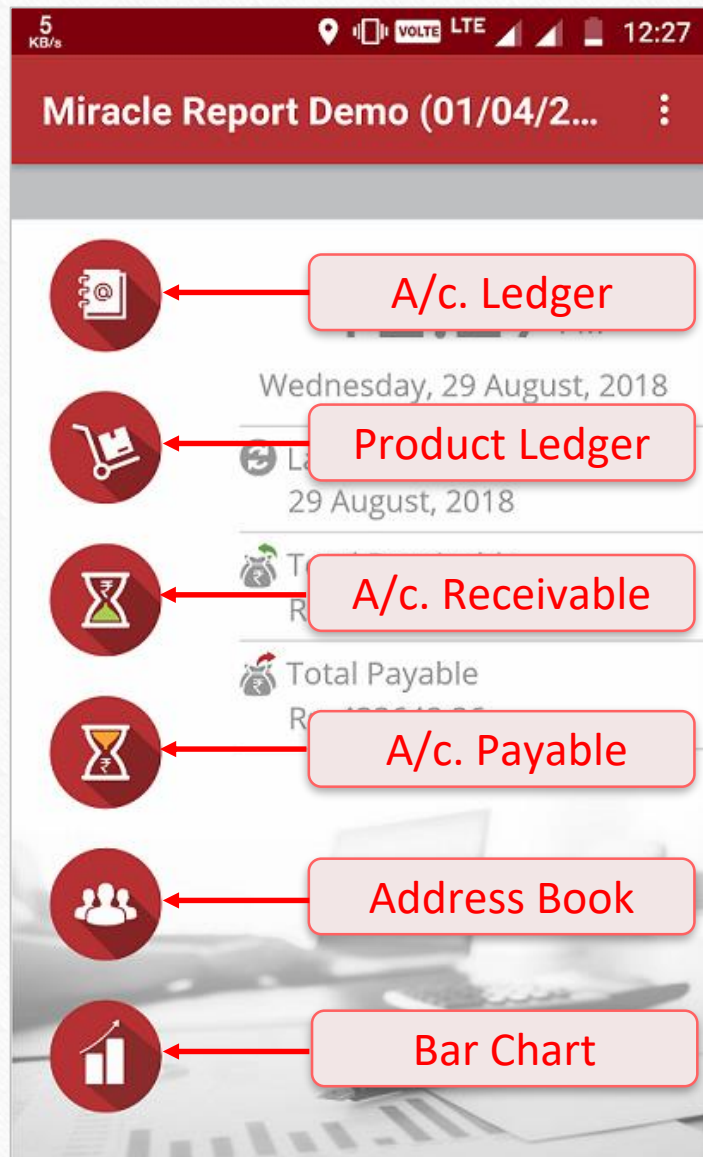

Miracle Report App: Features and Facility

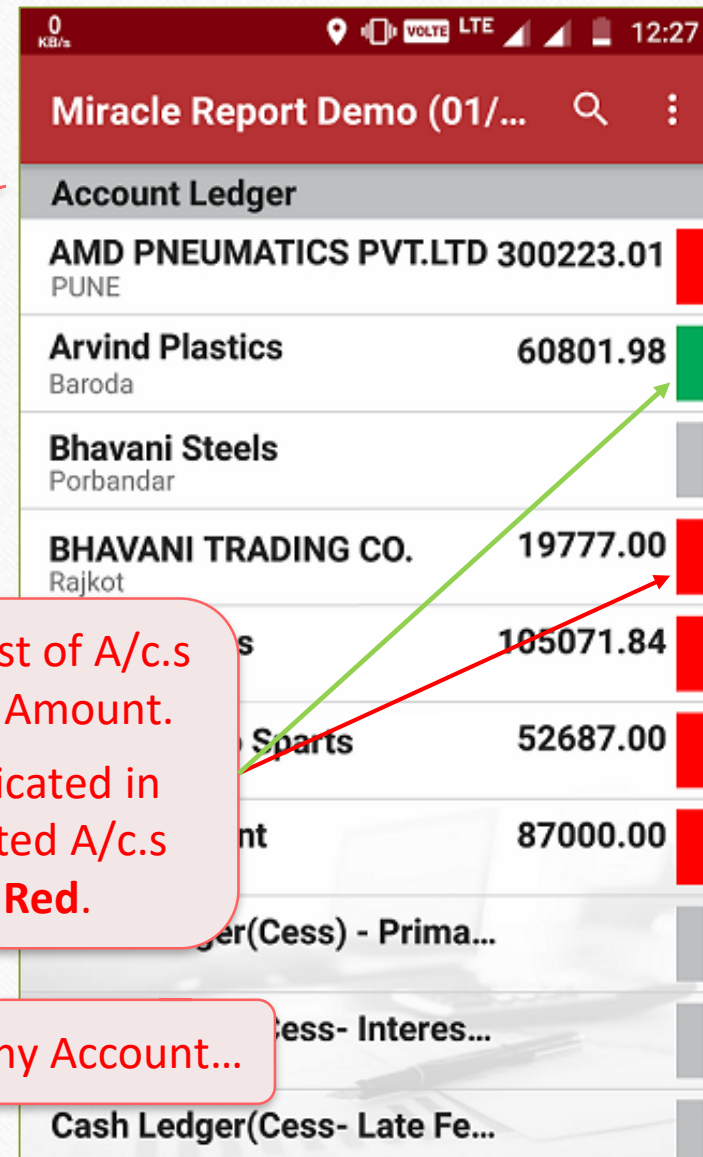

- ❖ **Miracle Report** is an Android mobile application which is developed by RKIT Software Pvt. Ltd. (Miracle Accounting Software).
- ❖ It is a “one touch” synchronization android app. The user just needs to setup once and he can sync. the Miracle data whenever he wants.
- ❖ We can sync. and check following reports in ‘Miracle Report’ app:
 - Account Ledger
 - Product Ledger (Stock)
 - A/c. Receivable (Outstanding)
 - A/c. Payable
 - Address Book
 - City wise Bar Chart for Receivable and Payable

❖ Other Features:

- We can view and share PDF of A/c. Ledger, Product Ledger, A/c. Receivable, A/c. Payable and we can easily Share PDF via WhatsApp or E-Mail.
- We can directly send SMS to the party about Pending Receivable amount.
- We can directly send Collection Letter of A/c. Receivable in PDF Format via WhatsApp or E-Mail.
- Let's check it...

First, lets see **Account Ledger.**

We can see the list of A/c.s mentioned with Amount. Credit A/c.s indicated in **Green** and Debited A/c.s indicated in **Red**.

Now, by touch on any Account...

Total Receivable
Rs. 1139564.08

Total Payable
Rs. 432648.26

We can check Bar Chart for A/c. Receivable and for A/c. Payable.

Here, we can see the City wise A/c. Receivable Bar Chart.

So, in this way, we can check the Ledger & the A/c. Reports in "Miracle Report" app as daily bases just by 'One Click'.

thank you!
