

# Quotation, Order and Challan Setup and Entry in Miracle

- ❖ In some business, the Quotation & Order facility is required for general inquiry related to the rates of the products and services.
- ❖ A product **Quotation** is to let a customer know the cost of goods or services before they decide to purchase them and later customer will **Order** the products that could vary from the Quotation.
- ❖ When we deliver the products to a customer, at that time we can make a **Challan** if required otherwise we can directly make a **Sales Invoice**.
- ❖ In the Miracle software, this facility is given into the 'Sales Invoice' and the 'Purchase Invoice' as well and the flexibility is given that we can make the Invoices directly from the Quotation / Order / Challan.
- ❖ Let's see how to insert the Quotation, Order & Challan vouchers and what are the other Setups.

- ❖ The following topics are covered in this document:
  - ❖ Setup for 'Quot.-Order-Challan' in Company Setup
  - ❖ Normal Entries and the Reports after each entry
  - ❖ Strict Voucher setup
  - ❖ Manual Challan setup
  - ❖ Change Party name setup
  - ❖ Auto Bill setup

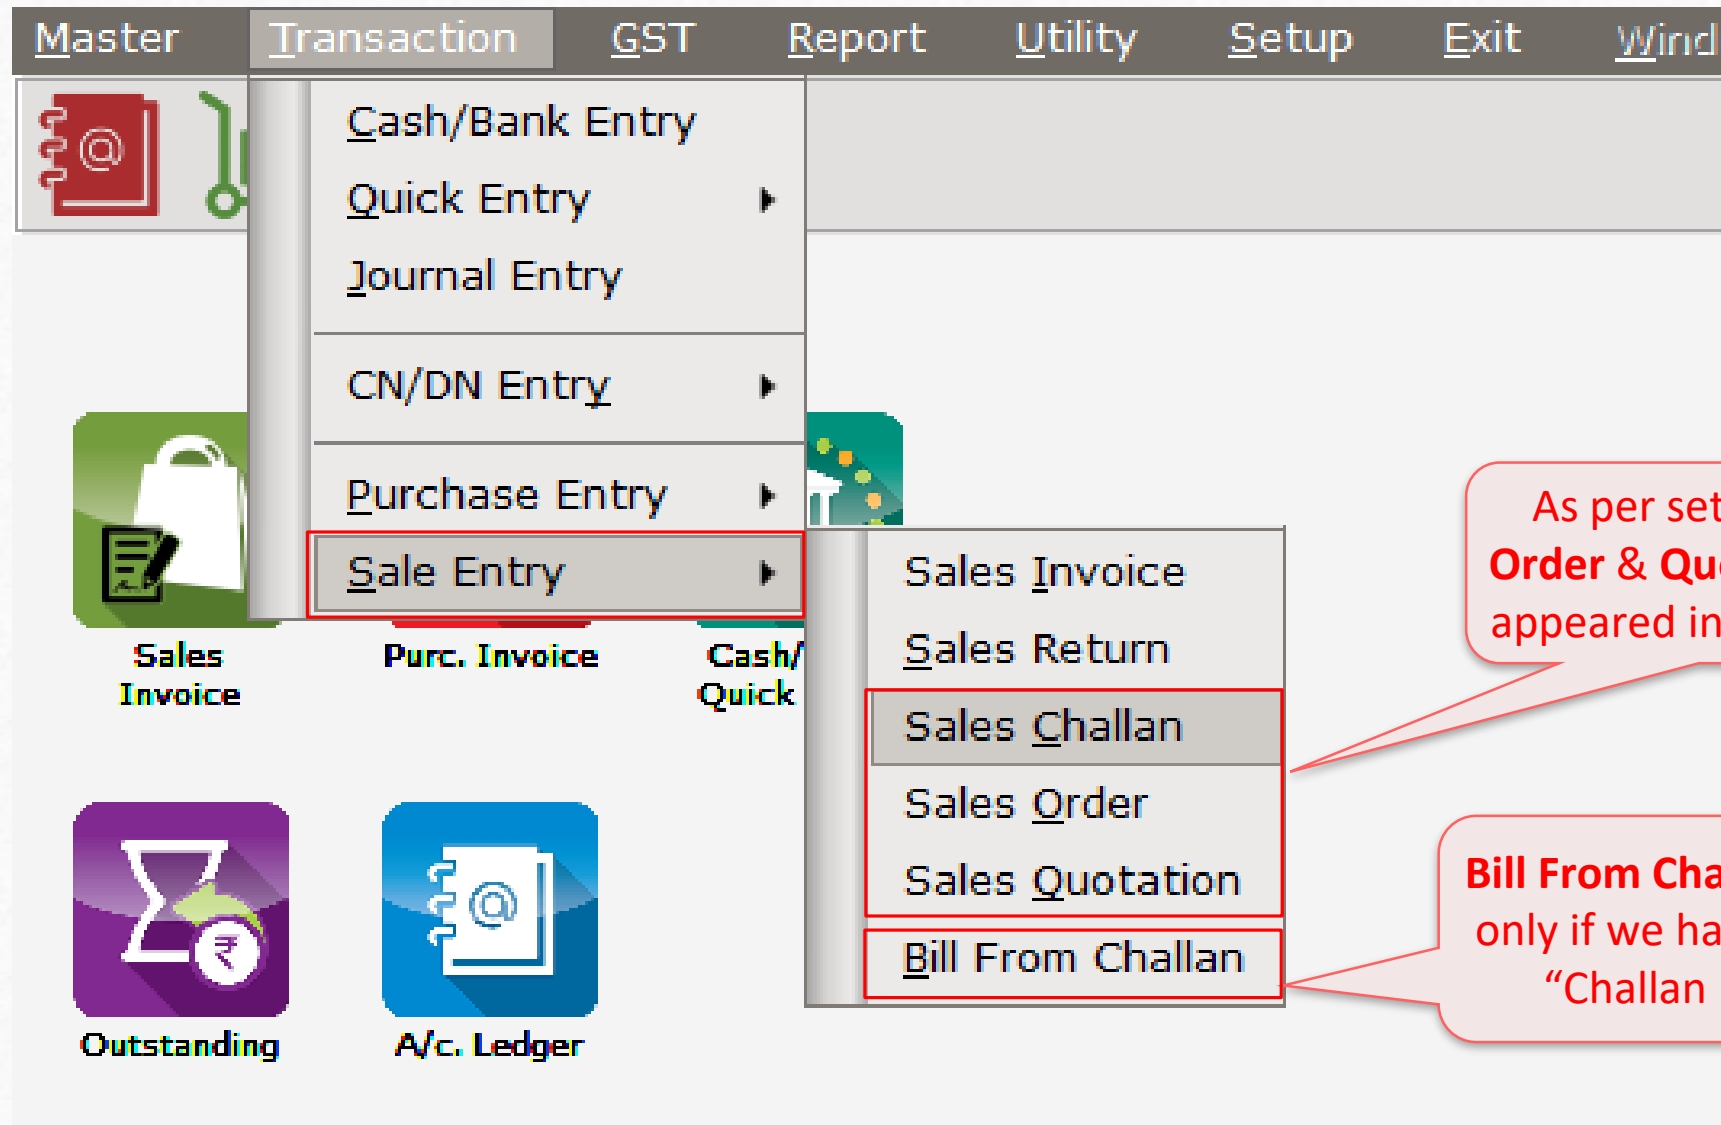

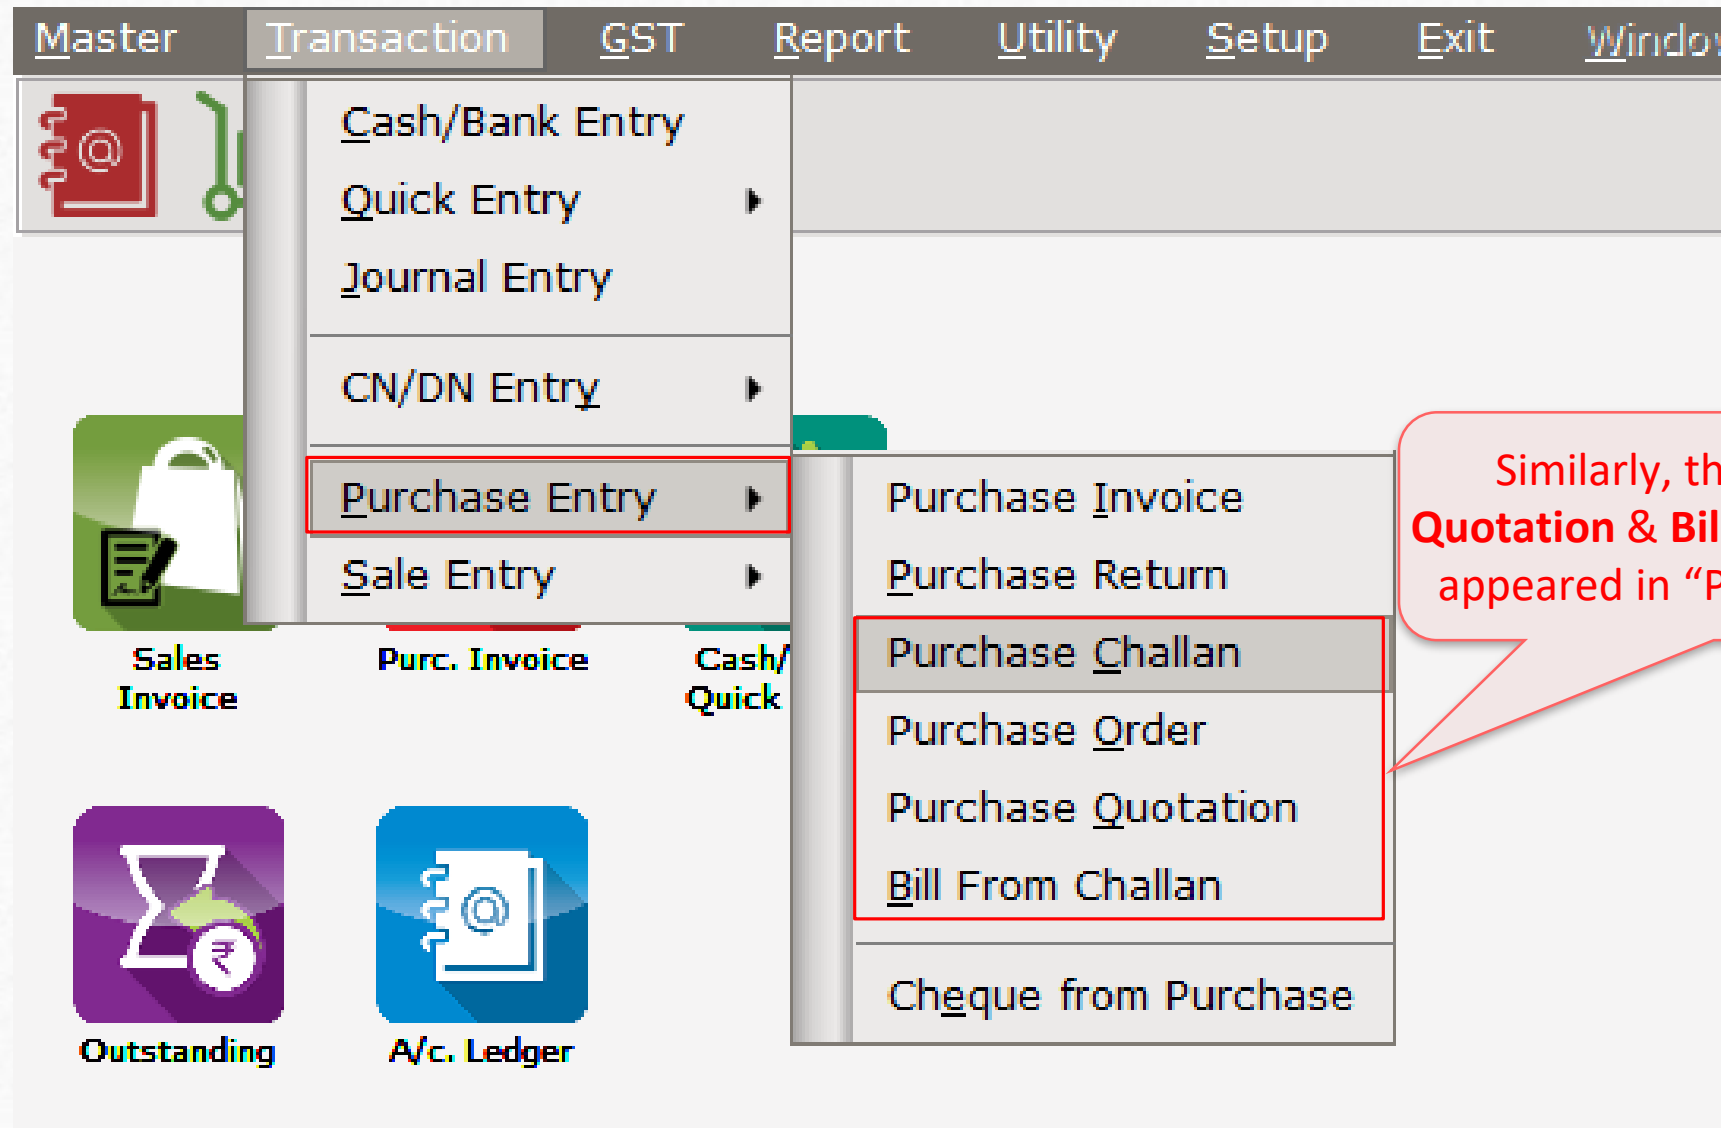

Setup -&gt; Company Setup -&gt; Company Setup

Category	Description	Value
General Setup	<b>Advance Options</b>	
Advance Setup	Account with Stock	Yes
Advance Modules	Bill To Bill Outstanding	No
Master Setup	Multiple Trading Account	No
GST Setup	Multi Currency Required	No
	Free Qty Facility Req. For Purchase ?	No
	Free Qty Facility Req. For Sales ?	No
	<b>Stock Setup</b>	
	Pricelist Required	No
	Locationwise stock Required	
	Batchwise stock Required	
	Dual Stock Required	
	Serial Numberwise Stock Required	
	Product Classification Required	
	<b>Weight Scale Detail</b>	
	Weight Scale Req.?	No
	<b>Adv. Vouchers</b>	
	Challan Required	Yes
	Order Required	Yes
	Quotation Required	Yes
	Production Required	No
	Stock Journal Required	No
	Physical Stock Voucher Required	
	<b>User Options</b>	
	User Field Required	
	User Master Required	

Go to Advance Setup.

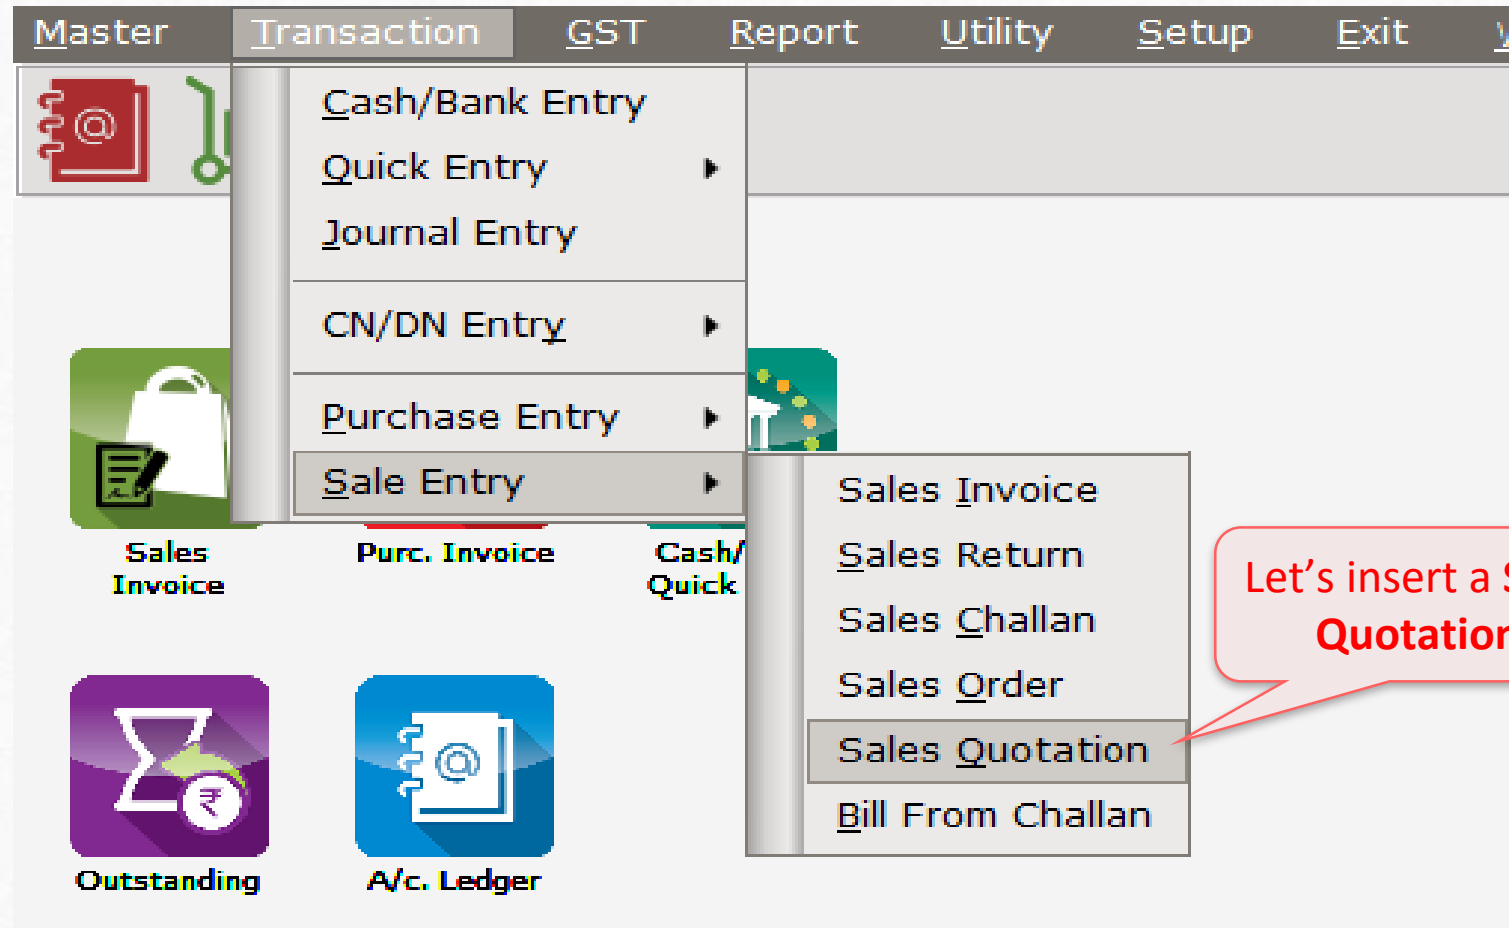

We can select **Yes** for any Vouchers as per our requirement.After selecting **Yes**, the Challan, Order & Quotation options will be enabled in **Purchase & Sales Invoice**.

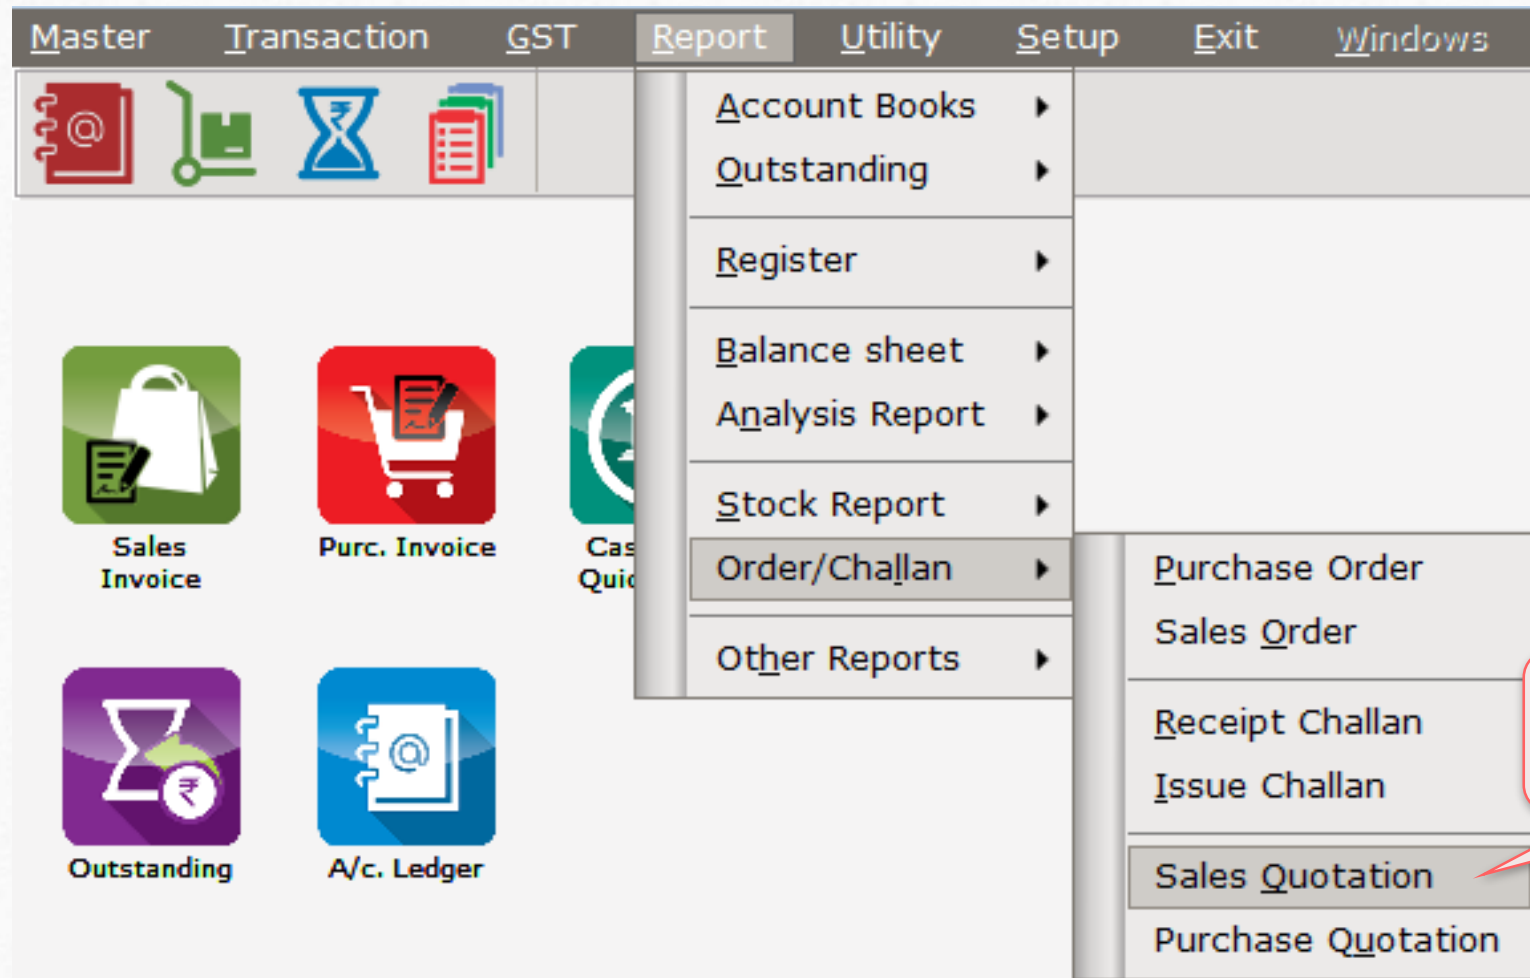

Similarly, the **Challan, Order, Quotation & Bill From Challan** will be appeared in "Purchase Entry", too.

- ❖ Let's see an example for better understanding of "Quotation /Order /Challan" facility.
- ❖ First, we will see the **Normal Entries** of Quotation-Order-Challan vouchers.
- ❖ Example:
  - Suppose, a party, Abhirav Mart inquires about two Products. The party wants 100 Qty of the two Products within a week.
  - In Miracle Software, we will insert the Quotation related to the party's inquiry.
  - Later, they will give the order and from the order details, we will make a challan.
  - Using the 'Bill from Challan' facility, we can make the Bill directly.

[illegible]

... for that, go to **Sales Quotation**.

Here, we can check all the products with their quantity.

Click on “Sales Quotation Report”.

- ❖ Now, we will see about 'Manual Challan' setup:
  - In Normal entry, we have inserted the Challan voucher from the Order by clicking on 'Order' button, it means we are doing it manually. But, by selecting a **Product**, we can get the list of vouchers in which the selected product is inserted.
  - This facility is given only in the case of making a "Challan" from the Order and the "Bill from Challan".
  - Let's see with an example.

## Setup -&gt; Voucher Setup -&gt; Voucher Setup

... and also similar  
for Sales Invoice.

- ❖ Now, we will see about Auto Bill setup:
  - When multiple vouchers are there in the list of Quotation / Order / Challan, selecting all the vouchers to make Sales Bill manually will be time consuming and complicated.
  - To avoid the time consumption while making Sales Invoice, the “Auto Bill” facility is given.
  - This facility is given in all the type of Vouchers: “Quotation, Order and Challan”.
  - Let's see with an example.

## Setup -&gt; Voucher Setup -&gt; Voucher Setup

Category	Description	Value
<b>Bank Payment</b>	<b>Entry Options</b>	
<b>Bank Receipt</b>	Debit Quotation as Default	Yes

According to the selection, we have this **Voucher List** with the Party Name & the Product Name. We can select or deselect as per our requirement.

If a party has **multiple** Order Vouchers, it will be combined in the single **Sales Bill**.

NOTE : Vouchers Displayed in RED Cannot be Generated

Select Select All Invert Selection **Generate Bill**

Click on "Generate Bill" button. (Short cut key: 'F4')

Transaction -&gt; Sale Entry -&gt; Sales Invoice -&gt; Voucher List

## Sales Bill

From 01/04/2018 To 31/03/2019

Date	C/D	Bill No	Tax Type	Account Name	City	Bill Amount
22/12/2018	Debit	GT/9	Tax Invoice	Abhirav Mart	Rajkot	10080.00
22/12/2018	Debit	GT/10	Tax Invoice	Hari Om Sweets	Rajkot	32087.00

The generated bills can be seen in the Sales Invoice Voucher List.

Note: If any party has **more than one** orders, than it will be **combined in one bill**.  
In our case, 'Hari Om Sweets' has three Vouchers in Sales Order which together generate one bill.

If we want to make **separate** Sales Bill as per the Sales Order Vouchers, then we need to select **Yes** to the "Strict" option.
